No L 5954 dated 23 May 1912 stating that allowing for £70 for repairs of defects to Cottages under Section C. the balance of the loan would appear to be £260-19-8 and that this amount should be remitted forthwith to the Irish Land Commission in reduction of the Councils Capital liability and requesting to be informed when this has been done.

The Council desires to point out that the Engineer's report stated that "in his opinion" the amount stated above would be sufficient. that this was not definite and the Council considers the best thing to do is to instruct Mr. Callaghan Engineer to have the work completed without delay and all costs connected with same discharged and then to remit the net balance unexpended.

The Clerk stated he had replied that the Council are just waiting the appointment of Inspector to hold the inquiry; and that this has not yet been done.

The Council has been informed of this.

As I stated dated 23 May 1912 that
