

<b>TTS 1</b>		<b>TRAFFIC AND TRANSPORT STATEMENT</b>	
Questions 1 to 3 to be completed for all planning applications.			
Local Authority		Planning Ref. <small>(For Office Use Only)</small>	
<b>1 Applicant Details:</b>			
Name		phone	
address		fax	
		email	
<b>2 Development Details</b>			
Describe proposed development			
On which road(s) does site have frontage(s)? (Provide road no.(s))		N / R / L .....	
<b>3 Single Dwelling House</b>			
Is the proposed development only a single dwelling house?			Yes / No

Comment [LC1]: Delete this? All roads now?

If the answer to 3 above is "YES" go to Section 5, if the answer to 3 above is "No" complete section 4.

<b>Section 4</b>		<b>Traffic and Transport Impacts</b>		
What is the size of the proposed development? (m <sup>2</sup> or no of units)				
How many trips will be made per day to the site?				
Car driver		Pedestrian		Bus / Tram
Car passenger		Cyclist		Rail
HCV (indicate type / size)		Taxi		<b>Total</b>
Will traffic to / from the development be more than 10% of existing traffic on the adjoining road (5% in the case of an already congested road)?				Yes / No
Is a new or modified access to the site needed to join the existing road network?				Yes / No
What changes to the existing roads layout are required as a result of this development?				
Is there existing public transport access to the site? Describe.				
What specific public transport provision is to be made as part of the development?				
What specific provision is to be made for pedestrians / cyclists as part of the development?				

**Section 5**

I believe the statements outlined above to be a fair and competent assessment of the effects of the development described above on the adjoining road network and access routes. I further believe the changes proposed in this assessment will effectively remedy the possible adverse effects on road capacity and safety caused by this development.
