### **MEC44/05 Roads and Transportation Road Restoration Programme 2006 – 2008**

On the proposal of Councillor Blaney, seconded by Councillor McGarvey, the Milford Electoral Area Committee unanimously adopted the proposed Road Restoration Programme 2006 – 2008 subject to amendments agreed by the Members at the Workshop held on October 13<sup>th</sup>, 2005. (Attachment 1)

Members acknowledged the support and assistance of the Area Manager and Roads Staff in the preparation of the programme.

### **MEC45/05 A.O.B.**

On the proposal of Councillor McGarvey, the Committee unanimously recommended that the Milford/Letterkenny Regional Road be reclassified as a National Road. A lengthy discussion took place on the issue and Members considered that this road should attract 100% funding, as they believe that it is the busiest Regional road in the County.

The Area Manager, Roads advised the meeting that the Milford/Letterkenny road is prioritised on the list of EU Co Funded

Schemes and the Council is exploring all funding options to upgrade this Regional Road.

Reference was made to recent job losses and inadequate infrastructure in the County. The Committee recommended that a special case be made by our Oireachtas Members to lever additional funds for infrastructure improvements particularly road infrastructure.

Members expressed concern at the lack of adequate Cancer treatment in Donegal that they consider is a prime example of the neglect of the County by National Government and the Committee called on the Government to retain and upgrade services at Letterkenny General Hospital to cater for the treatment of these patients.

This concluded the business of the meeting.
