## 2016 NEW YEAR The Changes...

By July 2016 all householders in Ireland will be charged for their waste collection service on a Pay by Weight basis. Each householder will pay an annual service charge for waste collection and after that the waste collector will weigh each bin every time it is collected and apply a charge based on the weight of the bin. A specific rate per/kg will be applied to each bin, the general waste bin, the recycling bin and the food waste bin (Brown Bin).

- ✓ It gives you more control over your waste bills.
- ✓ The less your bin weighs, the less you pay!
- ✓ There is an incentive for the householder to prevent waste, recycle more and compost.
- ✓ Pay by weight leads to better segregation of waste leaving less for disposal.

THE LESS  
YOUR BIN  
WEIGHS  
THE LESS YOU  
WILL PAY!

Householders in the relevant towns must separate all food waste from normal waste and place it in a brown bin for collection by your waste collector. When collected this food waste is sent for special treatment and turned into a high quality compost.

### Brown Bins are on their way!

Letterkenny, Ballyshannon  
Buncrana, Bundoran  
Donegal Town  
Bunbeg-Derrybeg  
Lifford, Ballybofey-Stranorlar  
Carndonagh

- The Brown Bin is for food waste only.
- You can wrap food waste in newspaper to keep your bin clean. Please do not place food waste into plastic bags.
- Your brown bin will be collected once a fortnight at a minimum, your waste collector will provide you with collection dates.
- You can continue to home compost fruit and vegetable peelings etc.
- It is your obligation to ensure that food waste is not placed into the normal waste bin.

For more information on your Brown Bin contact your local waste collector or Donegal County Council on (074) 91 53900 or visit [www.donegalcoco.ie](http://www.donegalcoco.ie) or [www.brownbin.ie](http://www.brownbin.ie)
