Dear Sir/Madam

We want to support changes being made by Council to limit the placement of turbines in Donegal.

Personal information redacted

We live on [REDACTED] and were troubled to learn that Donegal County Council intended to consider St John's Point for possible placement of industrial wind turbines. We are glad to see it now listed in the proposed exclusion zones for turbines.

Personal information redacted

We have fallen in love with St John's Point [REDACTED] It is impossible to duplicate the combination of raw nature, scenery, quiet beauty and friendly neighbours we enjoy here.

St John's Point has so far survived thoughtless development by primarily only allowing old cottages and other historic structures to be renovated or extended in sympathy with the rich history of rural Donegal.

Please protect St John's Point from windfarms and other such developments as it is a national treasure.

Yours faithfully

James Osborne  
Caitríona Ní Shúilleabháin Osborne
