I am writing to make it known that the proposed idea's of windfarms on St Johns Point needs to be retracted. This is a place of natural beauty and very unspoilt , [REDACTED] this is something which we will not allow to change, and any plans for wind turbines to be put in this area will not be taken lightly , There are plenty of area's where such wind turbines can be erected where they will not be destroying stunning views. This is the view of a lot of people in the general area you will find ..
