Crosslough Sanitation.

H5665 : 1905

29 - 7 - 1905.

The Local Govt. Board wrote forwarding a letter which they had received from Mr. D. Lafferty complaining of a nuisance in the vicinity of his premises at Crosslough. The Board directed attention to the Medical Officer's report on same, and requested to be informed why the Council took no action in the matter; also that the subject appeared to deserve re-consideration. Mr. Lafferty's letter was as follows:—

I have received a letter from the Clerk of the District Council that his Board would not take any steps with regard to the abatement of a nuisance opposite my premises, the post office. I have repeatedly complained to the S.S.O. and M.O. of health, but without avail. I now beg to demand as a right the Sanitary Authority having made default (Sec. 15 P. H. (D) Act, 1896) that a public enquiry be held into the matter on the spot."

Proposed by Mr. Harkin seconded by Mr. Irvine and resolved:— That this Council beg to inform the L. G. Board that the reason why the Council took no action in the matter was because the landlord, the Earl of Leitrim promised in 1902 to remedy this nuisance, and that the Clerk now forward to the Earl of Leitrim a copy of all the correspondence on the subject, together with a reference to his promise of 1902."

The following items from the Rural District Council for 1905 were read, and directions given there as follows:-

Crosslough Pump

2091 - 7 - 1905
2091 - 20024
The Council has received a letter from the Rural District Council for the County of Wick, dated 14th August 1905, forwarding a letter which had been received from Mr. P. Lafferty, containing a petition of the inhabitants of Crosslough village, in which they request the Council to grant permission to the inhabitants of Crosslough village to remove the pump from its present position and erect it over the well as per permission given to Mr. P. Terry some time ago, also to allow the old pathway leading to the well to be reopened and repaired. All the work to be done at the expense of the inhabitants of Crosslough village.

Crosslough Pump

Pursuant to notice, the following resolution was passed on the motion of Mr. Irvine seconded by Mr. Lafferty :- "That permission be granted to the inhabitants of Crosslough village to remove the pump from its present position and erect it over the well as per permission given to Mr. P. Terry some time ago, also to allow the old pathway leading to the well to be reopened and repaired. All the work to be done at the expense of the inhabitants of Crosslough village."

Medical Officer's Report.

Dr. McGrath, Medical Officer reported as follows :- "My attention has been called to the Crosslough Pump I recommend that the old right of way be reopened and restored. I again draw your attention to the water supply of Dunfanaghy which is defective and inadequate for nearly two months past. Many of the residents are suffering great inconvenience and the Infirmary and Workhouse are in a bad way for the want of sufficient water; and I receive daily complaints from residents in the town."

Permission granted to reopen the old right of way to Crosslough Pump: owing to the necessary repairs to main tank which took nearly 4 weeks executing there was no pressure, consequently failure to Workhouse and high levels in village: the repairs are still in progress at the catchment area at Cassey.

C. Surveyors Report.

The following report from the County Surveyors was read:—

Contractors for maintenance contracts have worked fairly on the whole during the past quarter. Some I regret to say have been extremely neglectful and are far behind with their supply of materials. I again warn contractors that they will not be allowed to supply and spread stone except when directed by the Surveyors to do so or in case of Bog or Mountain roads during the dry months. I would also warn Contractors to break their materials so as to pass through a 2 inch sieve, and that they must be careful as to the quality and not to take the top layers of the quarry which are generally of bad quality. I would warn Contractors that in cases of maintenance contracts each year must be balanced at its expiration and the value of any balance of materials or labour due by the contractor must be struck off the amount payable under the contract and in cases of miscellaneous contracts they must be completed within six months of the date fixed in the specification for completion, otherwise no payment can be made.
