when they are in a position to supply House accommodation for the persons occupying the houses referred to in the report—

From Local Government Board date 16th July 1908, inquiring what action was taken by the Council in regard to Sanitary defects in the Ballintra and Ballyshannon Dispensary District to which attention was drawn by the Medical Officers of Health in their form "6" Reports for half year ended 31st March last—

The consideration of the matter was postponed—

From Mr. John Higgins, Sanitary Sub Officer date 17th July 1908, stating in explanation as to why no reports were sent in by him to the Medical Officer of Health of the Ballintra Dispensary District for half year ended 31st March last, as follows:

"I visited the District regularly twice a Month and any Sanitary defects I caused to be removed and always found this done at my subsequent visits— The fact of no written reports having been sent in was entirely due to an oversight caused by my being engaged in connection with the Seed distribution—

I regret that no written report was supplied and I undertake to report in writing in future"

The Council considered the explanation satisfactory—

From Mr. W. W. W. W. Bundoran date 16th July 1908, drawing the Council's Attention to the state of Finner Graveyard and suggesting that a caretaker be appointed at a salary of £3- a year to have the nettles and grass cut down regularly, as the amount allowed to the present caretaker, £1- a year is not sufficient to keep the Graveyard as it should be kept—

From Local Government Board date 17th July 1908, referring to the entry contained in Council's Minutes of 6th Ult. and previous correspondence relative to the claim furnished by Mr. W. I am Sir, Your obedient Servant

To Mr. W. O'Kane—

A. R. Barlas— Secretary—

From Mr. A. Scott, Dublin, Architect of Labourers Cottages
Scheme date 13th July 1908, stating with reference to
Mr. O'Kane's Contract for the erection of Labourers
Cottages as follows:

"The cottages are now all built, but there are some
trifling defects to be remedied in a few of them, and
some fencing to be completed.

On 5th August next the contract will be four years
running, I do not intend to let it run into a fifth
year. The Contract must be determined and the
value of the unfinished work deducted therefrom."

James Higgins, Blyhore applied to the Council to
have some repairs required at the Labourers Cottage
occupied by him carried out. There are some slates
off the roof and also some tiles, and rain comes
in through the windows.

Reports from Medical Officers of Health were read.

The following Letters from the Local Government Board for Ireland, or others, were read, and directions given thereon, as follows:—

From Local Government Board date 16th Oct. 1908, informing the District Council that the Board have had under consideration the report of their engineering Inspector Mr. Price on the Local Inquiry held by him into the application of the Council for sanction to a loan of £1350, increased to £1400 for the purpose of completing a sewerage Scheme for Bundoran.

From the evidence tendered at the Inquiry and the particulars since furnished by the Clerk, it would appear that the present financial condition of the area of charge as regards borrowing powers under Sec. 238 (2) of the Public Health (Ireland) Act 1878 is as follows.

Valuation	£ 3817..9..6
Twice being Gross borrowing powers	<u>7634..19..0</u>
Outstanding debts,	
Water Supply	3016..13..4
Do-	250..16..8
Sewerage-	2189.. 0..0
Labourers Acts-	
Proportion of Debt including that under loan of £8670 ⁰⁰ sanctioned on 14 th Ult.	<u>2320.. 8..11</u>
	£ 7776..18..11

There is thus chargeable on the existing area a sum in excess of the limit prescribed by the above mentioned Sub-section and further borrowing cannot therefore, at present be sanctioned in this case.

Messrs. Thomas Gorman Senior and Mr. Thomas Gorman Junior, reported, that the Water Supply to Bundoran having failed on 8th Inst. they as Councillors for the Bundoran Area of Charge had visited the reservoir and found that there was an obstruction to the flow of water owing to the filter bed having become choked. They had employed a competent man to remove the obstruction as the matter was urgent - An account for £24..10..6 for the work was sent in by William Logue, Bundoran for carrying out the necessary work.

Payment of the account was ordered.

Copies of the Dairies, Cowsheds and Milkshops Order were ordered to be procured and supplied to each councillor -

M. Maguire
21st November 1908

These things have been done for some time
 but it is not until the water supply is
 found on 28th that they are considered for the
 case of change but until the summer and found that
 there was an obstruction to the flow of water owing to
 the filter bed having become choked. They had
 a competent man to remove the obstruction as the matter
 was urgent. An account for £24.10.0 for the work
 was sent in by William Taylor, plumber for carrying
 out the necessary work.

Copies of the above minutes and Mr. McKelvey's
 report to be printed and supplied to the
 committee.

Payment of £28.9.0 was ordered to Dr. Gordon, Medical Officer of Health of the Ballyshannon Dispensary District for reporting on⁹⁷ Labourers Dwellings and 2 days attendance at the Inquiry by the Inspector under the Labourers Acts Order 1906 -

Payment of £5.17.0 under same Order was allowed to Dr. Corcadden Medical Officer, Ballintra £3.15.0 being for reporting on Labourers Dwellings and £2.2.0 for attending Inspector's Inquiry -

From Local Government Board date 27th Novr 1908 stating that the Board have had before them the returns form "D" furnished by the Medical Officers of Health of Ballyshannon and Ballintra Disp. Districts for the half year ended 30th Sept. 1908 and the Board forward extracts therefrom for the consideration of the Council -

The Board also request the Council to give their early attention to the observations of Dr. Corcadden with respect to the nuisances remaining unabated although duly reported by him to the Council in his District -

The Extracts from the Medical Officers Returns are as follow -

Ballintra Dispensary District -

The nuisances reported have not been abated.

The two Sanitary reports (unabated nuisances) referred to in form "b" had reference to a yard in the Village of Ballintra which was in an unsanitary state and to farm premises in the country quite adjacent to which there was a quantity of manure. In both instances the necessary suggestions were made to the local Sanitary Authorities, as were also recommendations to have the main sewers of the village opened and cleaned, as they appear to be to a great extent blocked.

There is practically no water supply in the District. The Main Sewers in the village need to be opened and cleaned.

Ballyshannon Dispensary District

Ballyshannon has no Sewerage system, a number of old stone drains convey the sewerage into the river Erne.

A few nuisances exist in Ballyshannon in connection with slaughter yards, they have been often reported to the Sanitary Authority and are not so bad as formerly. Some people in the Back Street keep cattle close to their houses.

The houses of the poorer people are very wretched. Insufficient window space - often no chimneys to the sleeping apartments and always kept very dirty.

Considerable sums have been expended in recent years to provide sufficient sewerage where most needed in Ballyshannon viz. Chapel St and Erne St College St in connection with Erne St.

The latter is a Street of New houses with all sanitary accommodation.

A requisition to tax costs was sent in by Mr. Reid, Solicitor and signed by the Chairman and the Seal of the Council affixed thereto.

Next Meeting of the Councillors to be held on SATURDAY, the

day of _____ 190_____.

(Signed) _____

Clerk of Rural District Council.

Reports from Medical Officers of Health were read.

The following Letters from the Local Government Board for Ireland, or others, were read, and directions given thereon, as follows:—

From Local Government Board date 22nd Dec 1908 forwarding for the information of the Council a Copy of the Auditor's Report on his Audit of the Council's Accounts for half years ended 30th Sept 1907 and 31st March 1908, together with attested Copies of the abstracts of the accounts.

The Auditor's Report is as follows—

"I have the honour to report to the Local Government Board that I have audited the accounts of the Rural District of Ballyshannon for the half years ended 30th Sept. 1907 and 31st March 1908, and herewith I forward Abstracts duly certified—

In spite of my having spoken to the Rate Collector on a previous occasion as regards the regular posting and production before the monthly meeting of the Council of his Report Book I found that the book was absolutely blank— I hope the Council will insist on his regularly fulfilling this part of his duty—

The Rent Collector to be ordered to post his Report Book regularly in future—

The sum of £7-17-6 arrears of Cottage Rents, owing to periods of Vacancy and change of tenants was ordered to be written off—

From
Mr. A. Scott, Dublin, Architect of No. 2 Scheme of Labourers Cottages date 17th Dec. 1908, relative to Mr Wm O'Kane's Contract for building Labourers Cottages

18 in number— Mr. Scott's letter is as follows—

Dear Sir

I beg to hand you herewith Mr. O'Kane's account for extra work checked by me in red ink— As you will observe the amount allowed being £20-10-0— Many of the items I have had to strike out altogether particularly his charge for cut stone quoins as he has supplied no quoins better than those specified— I have also had to strike out his charge for five grates which he supplied and fixed in substitution for five brick paved hearths and backs which he omitted—

I allowed him to supply ironmongery for which a sum of £31-10-0 had been provided in Specification i.e. £1-15-0 for each house— He makes a charge for ventilating flues in rooms which have no fireplaces and for which I allow half, 10/- being half the amount claimed—

I enclose you his first bill for extra work for comparison with his second and final account. He claims £5 for extra foundations which I cannot allow, same being provided for in Specification—

I also enclose you a bill of deductions under heads of omissions and defects, the value of which I estimate at £40-1-0 and which sum is to be deducted from the balance due on foot of his contract—

I need not deal separately with these items as they explain themselves, but if there is any further explanation wanted by your Council I shall be glad to supply same—

Signed A. Scott—

The statement enclosed by Mr. Scott is as follows.

Original Contract	£ 2669.0.0
	2659.10.0
Extra Work	20.10.0
	<hr/> 2680 0.0

Received on acct	2466.0.0

Deduct for defects
and omissions £40.1.0

Do. Architects expenses	81.4.0	121.5.0
		<hr/>

Balance due to Contractor	£ 92.15.0
---------------------------	-----------

The Clerk stated that the loss of rent to the Council owing to the contract not being completed within the specified time amounted to £51.3.0.

Mr. O'Kane's Solicitor to be furnished with a copy of above statement.

From Local Government Board date 15th Dec 1908, referring to previous correspondence relative to the resolution of the Council of 16th May last suggesting that the holding of Mr. Michael Mally of Finner should be excluded from the schedule of the Board's Order of 13th Decr. 1904 fixing the Area of Charge for expenses in connection with Bundoran Water Supply the Board explain that when in 1904 they assented in a variation of the above mentioned Order they were influenced by the fact that the four tenants tenements affected had been erroneously included by the Clerk of the Union in the Schedule submitted to the Board for the purpose of the preparation of the

of Order and that the Guardians of Ballyshannon Union recognising this error had not assessed rates in respect of Bundoran Water Supply upon the four tenements in question.

Before the Board can consent to a further modification they ask to be informed by the Council whether the same conditions explained above apply to Mr. Michael Mally's holding.

Ordered

The holding of Mr. Michael Mally was included in the Area of Charge by mistake - He was an under-rated tenant for whom the landlord formerly paid all rates - The mistake was not discovered till after the passing of the Local Government Act of 1898, since this the tenant has repeatedly complained to the Council, and we are desirous that the mistake should be rectified by having Michael Mally's holding excluded from the Bundoran Area of Charge.

From Local Government Board date 17th Dec '08 stating that they observed in Council's Minutes of 5th Inst. an entry of the Board's letter of 27th Novr. 1908, forwarding Extracts from Form "G" returns furnished by the Medical Officers of Health of Ballyshannon and Ballintra Dispensary Districts and in reference thereto the Board point out that no order appears to have been made by the Council with regard to the defects pointed out by the Medical Officer of Ballintra and only part the Ballyshannon report appears to

6
 have been dealt with. In conclusion the Board request that the Council will be good enough to take the Medical Officers' suggestions into their consideration.

The Council have the reports of the Medical Officers under consideration.

Fresh notices for abatement of nuisances in Ballintra District to be served and proceedings taken against persons who fail to comply with them.

This Council has always been willing to cooperate with Donegal District Council in providing a Water Supply for Ballintra, a considerable portion of the Village being in that District, but up to the present cooperation has been refused.

The report of the Medical Officers of Ballyshannon District is general and vague. The Council are at present about to carry out a scheme under the Labourers Act which will provide dwellings for a number of persons occupying unsanitary houses.

From Messrs. Ashwell & Co. Solicitors Victoria St. Westminster date 17th Dec. 1908, requesting the Council to pass a resolution approving of the Bill before Parliament for the construction of the Bundoran and Sligo Railway, and securing a Grant of Public Money for carrying out the work.

Mr. Thomas Gorman Jun. proposed, Mr. John Gowan seconded, and it was passed unanimously,

7
 "That we, the members of the Ballyshannon District Council having considered the plans and Bill of the proposed Sligo and Bundoran Railway, the benefits it would confer, not alone in the Congested District through which it passes by developing the important fishing and agricultural industry as well as opening up the most picturesque seaside resorts in the Country and supplying a long-felt and much-advocated missing link between Railway Systems in the North and West of Ireland, hereby give the project our hearty approval and support we request the cooperation and support of the Board of Agriculture and Congested Districts Board in securing a grant in aid from the Government towards the cost of constructing of this line of Railway which has been favourably considered by the present Chief Secretary for Ireland as being a great necessity.

Copies of this Resolution to be sent to His Excellency The Lord Lieutenant, the Chief Secretary of Ireland Messrs. John Redmond M.P. J. W. Russell M.P. J. G. S. Mac Neil M.P. and the Congested Districts Board.

MINUTES of Proceedings of the *Ballyshannon* Rural District

Council, acting as the Sanitary Authority, under the above-mentioned Acts, at

a Meeting held on *Saturday* the *14* day of

July 190*9*

In the Chair— *Mr. M. Maguire*

Other Councillors present:— *Messrs. J. Walsh, J. Gowan, J. Barty, E. Mulhern, O. McGowan, M. Garigan, B. McCafferty, P. Meehan, J. Quinn, R. J. Reynolds J.P., J. Gorman jun., J. Breslin*—

The Minutes of the previous Meeting were read and signed.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

Next Meeting of the Councillors to be held on SATURDAY, the

14 day of *July* 190*9*.

(Signed) *M. Quinn*

Clerk of Rural District Council.

Reports from Medical Officers of Health were read.

The following Letters from the Local Government Board for Ireland, or others, were read, and directions given thereon, as follows:—

From Local Government Board date 4th Jan'y 09, stating, that they have received the report of their Medical Inspector, Dr. MacCarthy relating to the Sanitary condition of Ballyshannon Rural District, Extracts from which are enclosed, and requesting that each of the matters referred to may receive careful consideration—

The Board also request that the Council will be good enough to give directions to the Sanitary Sub Officer to carry out the suggestions of Dr. MacCarthy as regards reporting the result of Sanitary Notices served by him—

The Sanitary Sub Officer should also keep a diary in accordance with Art. 17 (13) of the Board's Sanitary Order No. 1 of 3rd May 1900, and he should be required to be more frequent and systematic in his inspections in future—

The Board regret to observe from the report that that the Orders served by direction of the Council are not enforced and they desire to state that in cases where Notices requiring the abatement of Nuisances are not complied with, legal proceedings should be instituted by the Council against the persons in default, in accordance with the provisions of Sec 111 of the Public Health (Ireland) Act 1878,

With regard to Registration &c. of the Common Lodging Houses in the District the Board point out that the Provisions of Secs. 87 & 91 of the Public Health (Ireland) Act 1878 are mandatory—

The Council would do well to take into consideration

the question of providing in conjunction with Belleek and Kinelongh District Councils and the Guardians of the Union a suitable Ambulance for use in the entire Union—

The extracts from Dr. MacCarthy's report are as follows:

"There is one Sanitary Sub Officer, John Higgins, in the District. He keeps no diary and the blocks of his Notice Book are not filled in— The number of reports made by him therefrom could not be checked. There is much in the town of Ballyshannon and throughout the District requiring energetic and systematic inspection by the Sanitary Sub Officer. The Rural District Council have not as yet taken any action to administer the Dairies, Cowsheds and Milkshops Order 1908, I have attended and explained the Order personally to the Council.

There is one Creamery in the Ballyshannon Rural District— There is no systematic inspection of the Meat and Milk supplies—

Dr. Gordon, Ballyshannon has made 18 reports—

Dr. Gorscadden, Ballintra has made 16 reports during the past 12 months. More reports might be made with advantage, but the Sanitary Authority pay little attention to the reports made to them by the Medical Officers of Health and Sanitary Sub Officers. Formal notice to abate is generally served, but no further action is taken when the Notices are not obeyed, which usually happens— No prosecutions have been instituted by the Sanitary Authority during the past 12 months— Much more attention requires to be paid to sanitary matters, the improvement of existing dwellings and the systematic abatement of nuisances—

Ballintra is still without a supply of pure water. The Rural District Council were found by the Local Government Board to have been in default as to this matter over five years ago. The Medical Officer of Health reported that the Sewers of Ballintra were blocked at the time of my visit -

The Sanitary Report Book contains no results.

The Sanitary Sub Officer should in all cases report what has been done by persons on whom notice has been served by the Sanitary Authority and the report of the Sanitary Sub Officer should be entered in the Sanitary Report Book with the date on which the report was made.

The bye-laws under the Public Health Acts are in force in the Rural District for any purpose. The Common Lodging Houses are not registered or regularly inspected.

There are, I am informed six houses which should be registered, 5 in Ballyshannon and 1 in Ballintra.

There is a heavy two-wheeled van at the Fever Hospital which is used by the District Councils of Ballyshannon, Belleek and Kinlough for the conveyance of patients suffering from infectious diseases to Hospital -

The Sanitary Authority have not provided their District with an efficient disinfecting apparatus. The Sanitary Authority should pay more attention to Public Health matters especially as to the improvement of existing dwellings with a view to checking the spread of Tuberculosis -

Consideration of the Report was adjourned till next Council Meeting -

From Local Government Board date 16th Jan'y 1909

referring to the Minutes of the Council of 2nd Inst. the Board note the statement of the Council that the Holding of Michael Melly was by mistake included in the area of charge for the expenses in connection with Bundoran Water Supply but they desire to be informed whether when considering the Original Area of Charge the Board of Guardians of Ballyshannon Union intended that this holding should be embraced in the Area of Charge or whether the Clerk of the Union misunderstanding the Guardians intention returned the holding in the list of tenements submitted to the Board.

The question of the exclusion of Mr. Melly's holding from the Bundoran Area of Charge was not before the Board of Guardians when the Area was formed -

From Local Government Board date 29th Jan'y 1909, referring to minutes of the Council of 2nd Inst. containing an entry of a letter from the Board of 17th Ult. respecting the Medical Officer's Returns form 'L' relating to Ballintra and Ballyshannon Dispensary Districts for the half year ended 30th Sept. last. and with reference to the Order made thereon in relation to Ballintra Water Supply the Board point out that the Council should proceed to carry out their duties independently of what may be done by the Donegal Rural District Council. The Board also inquire why the proposal to erect a pump in Ballintra was not proceeded with -

The pumps was given up and Mr. McNulty C. E. was instructed to prepare plans &c. to procure a Water Supply from sources near Ballintra, the plans

were prepared and forwarded to the Local Government Board but did not meet with the approval of the Board.

From the Town Commissioners of Ballyshannon date 1st Feby. 1909, drawing the Council's attention to the unsanitary condition of the Back Mall road in the town caused by the deposit of offensive matter and rubbish thereon and also to the entrance to the Pig Market from the Back St.

The Commissioners to be informed that they are a "Cleaning" body and have Authority to remove the nuisances complained of.

A claim for £200. compensation for an alleged malicious injury in the burning of a house in the townland of Carrickboy was received from Mr. Stubbs, Solicitor for Mr. Henry Coana, the claimant -

Dr. Gordon, Medical Officer of Health reported a case of Enteric Fever in Blyhour. The patient was sent to the Fever Hospital and the House disinfected.

From Local Government Board dated 14th Jan'y. 1909, stating that the Board have had before them the resolution of the Council on 7th Inst. striking off a sum of £7.17.6 arrears of rent due by tenants of Labourers Cottages in the District and pointing out that the Council must be prepared to satisfy the Auditor as to the legality of their action in striking off these arrears.

The arrears were struck off on the Auditor's recommendation.

From Mr. Thomas Orr, Solicitor date 22nd Jan'y. 1909, on O'Kane's contract for Labourers Cottages, acknowledging receipt of Clerk's letter of 12th Inst. with enclosures and stating that he has consulted with Mrs. Elizabeth O'Kane who is acting under Power of Attorney from her Husband William O'Kane. Mrs. O'Kane is most anxious to have the matter settled with the District Council and she is willing to accept of the amount due, but she will not allow any deductions for Mr. Scott the Engineer - He gets his Commission for the Contract and she thinks it monstrous to ask for a sum of £81.4.0 for a few extra journeys from Dublin - If the Council send a draft for £122.16.0 she will accept it in full and leave her to settle with Mr. Scott direct - The Council has nothing whatever to do with Mr. Scott's extra account against the Contractor. In conclusion Mr. Orr states that this offer is without prejudice in case the Council do not agree to the terms and pay Mrs. O'Kane £122.16.0 within a fortnight from date of letter -

The Council adjourned consideration of Mr. Orr's letter -

From Local Government Board date 29th Jan'y 1909, forwarding a letter received from Mr. John Gallagher an applicant for a Cottage under Labourers Act.

The Application of Mr. John Gallagher was rejected, at the inquiry, he occupies a house containing six apartments.

Mr. Scott to be requested to send in the final certificate -

The Local Government Board are respectfully requested to forward the Arbitrator's award of Compensation for lands taken as sites for Labourers Cottages -

Clerk of Rural District Council.

Reports from Medical Officers of Health were read.

The following Letters from the Local Government Board for Ireland, or others, were read, and directions given thereon, as follows:—

From Local Government Board date 25th March 1909 stating that they have had before them the Clerk's letter of 16th March in relation to the application of the District Council to be invested with Urban Powers under Sec. 1 of Public Health Act 1890 in order to enable them to provide Urinals in Bundoran. It appears that the District Council were invited by the Board with Urban Powers for the purposes of ~~of~~ public lighting under Sec. 80 of Public Health Ireland Act 1878 for portions of the Townlands of Drimachrin, Magheracar and Finner, as described in the Schedule of the Board's Order of 26th February 1906, and more particularly delineated on the Map executed in Duplicate on same date, and the Board inquire whether the Bundoran Area of Charge mentioned in the local Notices comprises the same Area as that described in the Board's Order of 26th February 1906 referred to above.

The Area of Charge for the Urinals is the same as fixed by the Local Government Board's Order of 26th Feby. 1906.

Payment of five pounds five shillings being the amount due by the Council for the expense of Audit of their accounts for year ended 31st March 1908 was ordered to be paid, as directed by Local Government Board's Order of 9th March 1909.

From Dr. Gorsecadden, Medical Officer of Health,

Ballintra, date March 25th 09 stating that he has inspected the house occupied by John Gallagher, Ballintra and found it in such a bad state of repair that he considered it unfit for habitation.

The house contains six apartments and would be comfortable if repaired.

Dr. Gorsecadden was directed by the Guardians on 20th March last to examine the premises referred to above in consequence of a letter received from Local Government Board, entered on Minutes of that date.

Notice to be served on the owner of the premises to have them put in proper sanitary condition.

From ^{Rev. G.} Dr. Mulhern P.P. Bundoran date 31st March 1909, asking if the District Council would lay a pipe from the town water pipe to convey water to the new house in course of erection for the Curate on the Rock, the house will be within the town boundary and will contribute to the rates.

The Clerk to procure an Estimate of the probable cost of laying the pipe as requested by Dr. Mulhern.

The Local Government Board are respectfully requested to reply to the Memorial relative to Bundoran Sewerage which was forwarded to the Board along with Council's Minutes of

21st November last -

A Sewer in Bandon was, at the request of Mr. Carby D. C. ordered to be repaired, Messrs. Carby Thomas Gorman Sen. and Thomas Gorman Jun. to arrange for carrying out the Work.

From Mr. L. R. Hipssett, Solicitor for Mr. Pat. Gavigan date 26th March 1909, stating that Mr. Gavigan has asked him to apply to the Council in reference to the site of a cottage about to be erected on his farm in Legation. On the map served on Mr. Gavigan the site claimed was shown to be on the South side of the road but on the map subsequently filed with the Council it appears that the site being taken is on the North side of the road. The land is equally good on both sides of the road, but Mr. Gavigan has a very great objection to the house being built on the North side of the road as it will cut up a 3 acre field very badly. Mr. Hipssett further states that Mr. Gavigan would be very grateful if the District Council would agree to change the site to the South side of the road, a consent from the landlord to the change can be got without difficulty and he feels sure that the Engineer to the Council will consider the other equally good.

The Council agreed to change the site as requested provided the Local Government Board approve of the change and the Council's Engineer also

approve.

Mr. Breslin brought before the Council the cases of three cottages about to be built in the townland of Blyhore, it would be more convenient for the tenants as they would be nearer their work if the sites of the Cottages were removed from the land of Andrew Young to the land of Edward Knox the plots to remain as at present fixed, there are four sites of Cottages on Edward Knox's land and three on Andrew Young.

The Council have no objection to the change proposed by Mr. Breslin, provided that the change can be carried out and that there is land enough on Mr. Knox's plots for three extra cottages -

The Local Government Board's directions on the matter are respectfully requested as to whether any change can now be made the Scheme having been completed, and the land valued.

M. Maguire
1st May 1909

opinion

Mr. Justice Wright before the Council the case of
 these cottages about to be built in the town of
 Lough, it would be more convenient for the town
 as they would be nearer their work if the site of
 the Cottages were removed from the land of
 the land of Edward than the site of
 the Cottages on Edward Street and out
 on the town square.

The Council have in objection to the change
 proposed by Mr. Justice Wright, suggested that the
 change can be carried out and that there is
 land enough on Mr. Justice's site for the
 extra cottages.

The Local Government Board's decision in the
 matter is respectfully requested on the subject
 and it can be made the subject
 of a petition to the Council.

From Quartermaster ^{a.s.c.} Belfost date 19th April 1909 stating that the troops having been permanently withdrawn from Ballyshannon Barracks, the agreement for water supply lapses.

M. Maguire 15th May 1909

From Local Government Board date 23rd April '09 stating that the Board having had before them the Council's resolution of 3rd Inst. relative to the Council's application for sanction to a loan of £1400. for completion of the Bundooran Sewerage Scheme, call the Council's attention to the Board's letter of 16th Oct. last, in which the Board pointed out that having regard to the present financial condition of the area of charge for the works there is no available borrowing margin in respect of such area.

As regards the observations of the Council in the Memorial referred to in the resolution of above date with respect to the inclusion of a proportion of loans sanctioned under the Labourers Acts in the indebtedness on the Area, the Board, acting under legal advice, obtained by them in the matter cannot depart from the practice usually observed by them in such cases. Under existing circumstances therefore the Board regret that they are unable to sanction the loan in question.

The Local Government Board are respectfully requested to state if the Council have power to negotiate the loan in the open market.

The Local Government Board are requested to forward their Order under Seal authorising the erection of Urinals in Bundooran -

The District Councils in Bundooran were authorised to have the fountains in the Streets put in proper order and to have a new fountain erected at West End near James Bannon's house -
