23.1.17 The Clerk submitted the minutes of the meeting of the Ardara Waterworks Committee. The Committee recommended the Council to grant the manager The Donegal Spinning Co permission to attach a 2 inch pipe to the main in order to get a supply for the mill for continuous use 9 hours a day.

2.1.17 From The Manager The Donegal Spinning Co stating that the 2 inch pipe would suite his requirements

The Clerk reported that he made inquiries from the caretaker and finds the supply available would not warrant the Council in agreeing to this proposal. If the Council granted this they would find the supply short for the purpose for which it was originally intended and besides the Council should obtain the opinion of the L. G. on the matter as in his the Clerk's opinion the Council has no authority in accordance with the Bye-laws to grant permission for the use of this water for any except Domestic purposes

The Council request the L. G. to approve of the salary proposed to be paid to the permanent Medical Officer for the Doocran Dispensary District namely £15 a year so that they may proceed with the election

NO. 970: 1916 From the L.G.B. dated 1st Feb 1917 requesting the Council to ask the Council to get their Rent Collectors to furnish them with reports on the 21st instant and again on the 21st March showing what has been done or is being done in the matter of the tillage of the Plots this season and a further report should be obtained on the 21st April setting forth the names of the Tenants who may have failed to fulfil their legal obligations

3.1.17 To be attended to "Copy to be sent to Collector From the Clerk. stating that since the last meeting he inspected all the cottages in the District and finds that all the plots were cultivated last year except 5 at Tullybegs and 1 at Glenree and 1 at Ballyloughan. I served notices to quit on all the tenants who failed to cultivate their plots except one at Ballyloughan where the plot is very inferior land and besides I find owing to the situation of the cottage it would be difficult to get another Tenant. If the Tenants at Tullybegs fail to cultivate their plots it will be possible to let the plots to others who will work them. Owing to Cottage No. 23 being very badly kept I served the Tenant with a notice to quit unless I get an undertaking from these people upon whom I served the notices I intend to take proceedings at Petty Sessions to get possession and reinstate the Tenants in the houses only. I left the forms of application for seeds and manure with each Tenant and explained the terms to them. The Tenant of the uncultivated Plot at Glenree is an old woman who promised to look out for another house in order that the Council could let it to a more desirable Tenant. The Minutes of the last Meeting were read and signed.

The following Letters and other communications from the Local Government Board for Ireland and others were read, and Orders were made thereon, as follows:—

No. and Date. 1502: 1917 From the L. G. B. dated 8th Feb 1917 pointing out that it is open to the Council to appeal to the Local Govt Board against the decision of the County Council in the event of a final declaration being made to the effect that there be no roads maintained as Main Roads in this County.

Having regard to the extensive area of this District and the existing mode of conveyance this Council find that the conditions have so changed for the past 17 years that it would be for the mutual benefit of the entire County to have all the Main Roads of the County under central control. The County Council having the Steam Breakers and Steam Rollers as well as the several officers under their control we are of the opinion that the leading main roads could be maintained in better order than they are at present if they were placed maintained as Main Roads

The Requirement Book was submitted by the Clerk, and duly decided on by the Council, as indicated in Column 6, and initialed by the Chairman in Column 7.

The following Letters and other communications from the Local Government Board for Ireland or others were read, and Orders were made thereon, as follows:—

No. and Date
1121 : 1917 From the L. G. B forwarding a letter from Patrick Byrne Killybegs complaining of his house and office house.

The Council do not consider that this house or office is in need of any repairs and in case this man leaves the house the Council will find a better Tenant. In case he gives any more trouble he is to be served with a Notice to quit.

6.2.1917 From W. C. McCloskey Tenant of the Cottage at Ballyloughan stating that he cannot work his plot. The plot is very bad rough land and covered with fuzge. It is impossible to get manure to the plot. He is working a plot of land he got from a neighbour.

The Clerk confirmed the statement of the Tenant and pointed out that in case this Tenant left it would be impossible to get another Tenant for this Cottage.

The Council decided not to enforce the order to cultivate the plot in this case.

14.14.2.17 From the Clerk stating that since their last meeting he took proceedings against the Tenants of Cottages No 23 and 41. The Tenant of No 41 has now consented to work his plot and comply with the regulations so that I have decided not to enforce the decree. Regarding the Tenant of the Cottage No 23 I think the Council should enforce the decree as the house is kept in a disgraceful state and there is not any hope of any improvement the house and plot could be let to a more desirable Tenant. The other Tenants in Killybegs who failed to cultivate their plots have made arrangements with the adjoining farmers to assist them in cultivating their plots. Owing to the distance of the plots from the Dwellings as well as the want of manure I think this arrangement in the circumstances should meet with the approval of the L. J. B. and the Council

The Council is satisfied with this arrangement
The Tenants to get half the crop

The Tenant of Cottage No 23 appeared before the Council when the following order was made

"Extension of month on understanding that he puts his house into repair and proper order Put in new panes glass &c"

The Tenant gave no promise or undertaking and the Clerk reported that the L. J. B. had the decree for possession which he would execute and he thought it could not now be withdrawn
