(46 & 47 Vic., cap. 60, &c.)

MINUTES of Proceedings of the Rural District Council, acting as the Authority, under the above-mentioned Acts, at a Meeting held on Saturday the 30th day of January 1909

PRESENT:—In the Chair,

Mr. A. Donnell, JP

Other Councillors:—

(See general Minutes)

Letters were read and Orders made thereon as follows:-

- No. Date
L18009 6.1.09 From Local Gov Board - 1, Copy of Order made in the matter of Mr. Hill's Petition to them against portion of "The Glenis B.D. Labourer Order, 1903."
"Read"
- 22099 13.1.09 2, Order certifying £13.13.6, as amt. of Expenses of Arbitration Proceedings in the matter of "The Glenis B.D. Labourer (Unsupervised) Order, 1903."
"Payment Ordered"
- 1480 29.1.09 3, Forwarding for the Council's observations on the subject a letter received by them from Peter McLoone, re the Cottage at Naran originally intended for him
"This man refused to apply for the Cottage at 2/- a week as the Labourers of that B.D. combined to leave the Cottages in the Council's hands till the rents were reduced to the standard fixed by the Labourers themselves"
- L21051 3.1.09 4, Letter strongly advocating a reduction in the rents of the cottages proposed to be fixed by the Council at 2/- a week
"The Council for financial reasons decided to adhere to the rents already fixed"
- 30.1.1909 From The Clerk - 1, Draft form of Application to the L.G.B. for confirmation of the Labourer Acts Regulations re letting made by the Council on Decr. 5th, 1908.
"Approved and Signed by the unanimous consent of Council"
- 2, The tenants selected for Cottages at last meeting have signed the necessary letting Agreements. In the case of Cottage No 20, the proposed tenant left temporarily for Scotland, but his wife was allowed (subject to your approval) to sign the letting Agreement so as to prevent the loss of rent accruing on said Cottage. I attach her explanation for acting so for her absent husband. Mr. Doherty applied for Cottage No 20 but you transferred him to 22 which he refused. A labourer named Ed. McGuinness appeared before me on the 6th with an application for No 22 recommended by Councillors McIntyre, Murrin + Doyle, for immediate acceptance. I acted on this recommendation subject to your approval and so granted a month's rent. Also on the 6th Mr. Doherty appeared before me with a fresh application for No 13 (then the only one vacant at Killybegs) strongly recommended by Councillor Gallagher

I allowed Doherty to sign Agreement subject to your approval. The result is the gain of a month's rent. The selection of Mrs. Murrin at last meeting was for a plot without a cottage. As security for the rent he is willing to pay it 1/2 yearly in advance which he hopes will satisfy the Council. Applications for Cottages 6, 8, 9 + 15, were asked for consideration on the 16th. No meeting was held that day for want of a quorum. The few members who attended recommended me to act on the one application received for No 15 from the labourer for whom originally intended. I did act on this recommendation and allowed the applicant, Neil Boyle, to sign Agreement subject to your approval with the result that I secured a fortnight's rent that would otherwise be lost.

"Approved"

29.1.1909 From J.G. Townsend, Architect - Report for Com. on Cottages Building under Scheme 1. Report states the following - "Plots 9 a. b. c. - Quality of Materials + Work indifferent. The slight improvement previously noted has not been maintained. I have already certified £110, gross on A/c. + cannot certify any more until more work has been done. I would ask the Council to request the L.G.B. to either send down their Architect to inspect the Cottages again or to consult Mr. Deane, who inspected them last Nov., informing him that the masonry work done since he saw them is worse. The stone is very inferior, full of iron, which is staining down the face of the buildings. There is plenty of good stone in the District. I am not at all satisfied that the walls will stand, as they have been built at different times and are very badly bonded. I should wish to have the opinion of the L.G.B. Architect before certifying any more."

"Approved"

(2) Stating he will lay off plots in Scheme 2 during next week

"Approved"

From Mrs. D. Murphy, Glasgow - Objecting to Joseph McBreathy getting a Cottage, as he is a tenant of her at 2/6 a week and owes her 5 months rent

(No Order made)

From Tenants of Cottages No 4 + 5 - Stating they like their houses but they are defective in some respects

(No Order Made)

There were no applications received for Cottages No 6, 8 + 9. They are not quite ready for occupation yet but applications are to be again invited

Overmanly

Pursuant to Advt. tenders for building 1 double Cottage and 1 single Cottage (and fencing Plots for same) were received and dealt with as follows:-

22.5.1909

From the Architect - 1, Report on cottages in course of construction under Scheme No 1 as follows:-

Plots 9 a, b, c.; Ardara Townland; W.M. Spence, Contractor; Inspection, May 20. - Practically no work had been done since my last visit. The Contractor has no one working and says he has no money. I am unable to issue a further certificate until more work is done. I recommend the Council to take some steps to cause say a 14 day notice on the Contractor and his Suckis to proceed with the work failing which a fresh Contractor should be secured to complete the work.

"That Spence and his Suckis be immediately notified to take practical steps to complete his contract & if they fail doing so within 14 days that the unfinished work be put up for tender to be considered at following meeting."

Plots 11 a, b. - The defective work noted in previous report has now been remedied. As regards Council's Order requiring an explanation, the defects were caused by inferior workmanship and could not be detected while work was going on, hence the necessity for having retention money held over to give those defects time to develop.

"Approved"

Plot 4. - Fencing and Gates are all complete. The Cottage was practically ready for letting on Jan. 29, 09.

"Noted"

Plot 22. - Cottage practically finished and tenant has been in occupation since Jan. 1, 09, and retention has been calculated from that date. Final Certificate today.

"Noted"

Plot 26 a. - Cottage practically ready for Tenant. The penalties incurred to date amount to £24. I am unable therefore to issue any certificate.

"Noted"

Plot 12 a. - Practically no more work done.

"Noted"

Plots 1, 2 a, 3 a, b. - Final Certificate issued today.

"Noted"

Plot 21. - Some repairs are needed to this Cottage consequently final certificate cannot be issued today.

"Noted"

Plots 28 a, b, 32 a. - Tenants in occupation. All matters previously complained of put right.

"Noted"

Plots 29 a, b, c, d. - Tenants in occupation since Feb. 20. Complaints now rectified.

"Noted"

2, Report on the Cottages in course of construction under the No 2 Scheme as follows:-

Plot 11 - Half work done. This Contractor has made great progress and has done the work well.

"Noted"

Plot 13 - $\frac{1}{2}$ part of work done. Too sparing with mortar, otherwise fair.

"Noted"

Plot 18 - The Contractor excavated the foundations for this house and I inspected them on Mar. 26. The Tenant of adjoining plot (Molloy) has filled in the trench and set potatoes on the site and refuses to permit the Contractor to proceed claiming this as part of his plot. This is not so as I had always reserved this small corner for this house to be built on as it is the only spot available. The tenant is evidently under the impression that he is not getting his $\frac{1}{2}$ acre. I shall see of course he has his full measurement but it is impossible to fence off his plot until the house is completed as the Contractor must have reasonable access. I think that if Molloy persists in his present unreasonable attitude the Council should take over possession of the plot till the new cottage is built. The fact of the contractor going on with the work will not interfere with the cropping of land by Molloy.

"That Molloy be cautioned and notified to permit the work to be proceeded with, care to be taken not to interfere with Molloy's crop."

Plots 24 + 26 and 28 + 29 - Although work laid out Feb. 25, nothing done yet.

"Noted"

Plots 34 to 42 A - Foundations of 4 Cottages passed.

"Noted"

Plots 48, 49, 50, 51. - Work laid out Dec. 23. No work done yet.

"Noted"

22.5.1909

From John Ward, Contractor for 2 Cottages on Plots 28 + 29 (Scheme 2) - Please give me to understand am I to go on with the work which is pegged out.

(Note - This Contractor's Bond was executed on Feb. 2, and the Architect laid out work for him on Feb. 25. There was no reason for him stopping work and then after a lapse of nearly 3 months coming to the Council for fresh orders to restart work.)

(No Order made)

22.5.1909

The Clerk reported that Plots 34 to 42 A (Scheme 2) at Killybegs are not yet fenced, and could not be let to tenants for cropping as it is now too late.

in the season. The former occupier offered to pay £4. for Grass of same to Nov. 1st. and to pay current year's rates. He accepted same and had the money lodged with the Treasurer.

"Approved"

Ordered - "That the Cottage ~~at~~ at Xilclooney and the two at Eden (now ready for occupation and refused by the labourers for whom intended, and remaining unapplied for) be advertised for letting to Person other than Labourers offering the highest rent for use of same during Summer Season ending say Nov. 1st.

These Cottages being situated at a favourite seaside resort will command substantial Rents, the surplus of which over the ordinary rent to go to the relief of the ordinary tenants of the other Cottages should there be no loss to the rates on Labourers Acts Property reported at close of $\frac{1}{2}$ year or year."

No. L. 10355/106. Read letter from the L. G. B. dated 26th June 1909 for the letter from John Mulloy relative to the fencing of the Plot of land which the Council propose to provide for him under the Labourers Act

"The Council desire to refer the L. G. B. to the Minutes of the Council dated 22nd May 1909"

Pursuant to Notice on Agenda Paper the Council considered the question of making an order to take the Cottage Works on Plots 9 a, b, c (Scheme 1) out of the Contractor's hands if not fully completed by Aug. 1st, and hand them over to his Sureties who have expressed their willingness to get the work completed by competent men with all possible speed after that date.

The Contractor, Spence, appeared before the Council and promised to have the works completed by Aug. 1st if he got an instalment of £100 this day.

The Clerk explained that the Amt of the Loan in this Scheme already advanced was fully exhausted and the L. G. B. would not advise any further issues until the Council show them that they mean to take practical steps against Spence to compel him to carry out the terms of his contract thereby proving that the Scheme was being carried out in a business like manner.

The Council came to the conclusion that it would not be safe to pay Spence any more money until the work is fully completed, and they ordered that the Sureties be called upon to take over the works on Aug. 1st if not finished by that date and carry them to completion without delay.

Messrs McJure, McJill & McMillan, Cottage Contractor under Scheme 1 wrote applying for the remission of penalties inflicted for their failure to carry out their contracts within the specified time

Ordered - The fines to be remitted less an amt. equal to the rent that would accrue during period of delay. Contractors under No. 9 Scheme to be timely warned against delay as the Council will not remit fines in their case. Clerk to be notified when Cottages are ready for tenants and that to give immediate possession of them to the Original Applicants for them if they are willing to take them some of whom have temporary possession of the Plots.

L 9533/106 : 1909 Read letter from the Lrd & Brd dated 22nd June 1909 forwarding for the consideration of the Council a memorial which they received from certain tenants in the matter of the rents of Labourers Cottages

Resolved - that the Council after giving the matter their most serious consideration from every point of view regret very much that they cannot see their way at present to reduce the present Rent. after payments of Annuities on Loan. Collector Poundage. Insurance Premiums and nominal charges for expenses of Books Forms Stationery Printing and advertising the Council find that the small sum of 14/- will remain to meet the expenses of Repairs Law, Engineering, Improvements and all the Casual Expenses: so that even now the Council will have to call on the already overburdened Ratepayers of this the poorest District in Ireland. To make good the inevitable loss in connection with the Labourers Acts Property by an Amt per Cottage that can be better imagined than described when it is considered that the cost of Repairs to some Cottages in other Districts would almost pay the Rent."

No. L. 6188/106 Read letter from the L. G. B. dated 14th June 1909 pointing out that they had forwarded 6 copies of the order which they have made under Section 16 of the Labourers (Ireland) Act 1886 authorizing the Council to exchange the sites of the Cottages and Land Plots mentioned in the Schedule to the Order

No. L. 9207/106: 1909. Read letter from the L. G. B. informing the Council that they have by Order under Seal dated 16th June 1909 appointed Mr P. Mac Fadden of Main Street Letterkenny as Arbitrator in the matter.

The clerk reported that he had received the notification from Mr P. Mac Fadden that he will hold the Arbitration Inquiry on July 24th at 12 o'clock noon and that the notices were posted and published as required

Read letter from Neil Boyle Clogher complaining of his cottage at Clogher and pointing out that it was not completed
