Note. No 886 in Queries of the present Assizes Summer 1845 is the same as No 1213 in Queries of Spring Assizes of 1845. when it ought to have been discharged. It is in my book marked as so Discharged but Mr Mansfield states that in the Copy Queries furnished to him after Spring 1845 the number 1213 was left undischg. and as the same item now appears under the number 886 I discharge it for his satisfaction - Mr Mansfield will recollect however that the officer in Dublin (at the Remembrances Office) was of opinion that under the circumstances the sum in question might be struck out of the list of undischarged Queries printed after Spring Assizes 1845. and therefore if Mr Mansfield now thinks fit to do so he may strike it out at once in which case I am ready to sign an order for the amount on the old number as is No 1213 in the Queries of Spring Assizes of 1845. - 30 July 1845 J.
