County Surveyors Report.

The following report from the County Surveyor was read:-

"Contractors generally have failed to give sufficient attention to surface labour during the past quarter. Rolling stones are not removed as regularly as they should be, and on account of materials not being spread at the specified time, patches are not worked on by the traffic. I would again warn contractors that no stones should be spread after 1st. March except in special cases or in mountain or bog roads.

It is most important that in considering Tenders at adjourned meetings care be taken not to accept tenders from men who have no means and also as to the solvency of the Sureties, because legal proceedings for breach of contract are abortive.

To move

That the Council do not accept tenders from men who have no means and also as to the solvency of the Sureties, because legal proceedings for breach of contract are abortive.

County Surveyors Report

The following report from the County Surveyor was received

"Contractors generally have failed to give sufficient attention to surface labor during the past year. Stakes are not removed or regularly replaced and on account of materials not being stored at the specified time, patches are not made on the surface. I would again warn contractors that on stakes should be placed after the first week in special cases or in situations as they arise."

It is most important that in carrying out orders of objection that care be taken not to accept orders from men who have no means and also to the contrary of the contract because of the possibility of great objections.

County Surveyor's Report

The County Surveyor's Report was read as follows:-
The weather during the past quarter has been very favourable for the work of the Surveyor. The roads are in a very good state of repair. The Surveyor has been very busy during the quarter in carrying out the work of the roads. The Surveyor has been very busy during the quarter in carrying out the work of the roads. The Surveyor has been very busy during the quarter in carrying out the work of the roads.

County Surveyor's Report (Continued)

is not sufficient time to get consolidated before the dry season sets in and the road surface becomes weak and cut up by traffic and during dry weather loose rolling stones are scattered over the surface and are a danger to the Public.

I would warn Contractors that in future if materials are not supplied at the specified time legal proceedings will be instituted. One or two Contractors have entered into so many maintenance contracts that they have failed entirely to do the work on some of them and in no case has the work been satisfactory.

The liabilities of the District amount to £1587: 13: 11 leaving a balance to the credit of the Council of £60: 1: 1.

The County Surveyor submitted his Estimate of Road Expenditure for the Financial Year ending March 1910 as follows:-

Continuing Maintenance Contracts	£1370
Repairs of masonry Works	100
Repairs of Sudden damages	150
Balance	28.
Legal annual Limit	£1648

The Report and Estimate were adopted.

County Engineer's Report (Continued)

no not sufficient time to be considered before the next session, and the work on the surface becomes more and more of the traffic and during the winter season holding stars are scattered over the surface and are a danger to the public and would be a great expense to the future if materials are not supplied at the specified time. It is proposed to let out two contracts, one for the maintenance of the roads and one for the maintenance of the bridges. It is also proposed to let out a contract for the maintenance of the bridges. The Engineer has been satisfied with the work done by the contractor and has recommended that the contract be renewed for another year. The Engineer has also recommended that the contract for the maintenance of the bridges be renewed for another year. The Engineer has also recommended that the contract for the maintenance of the roads be renewed for another year. The Engineer has also recommended that the contract for the maintenance of the bridges be renewed for another year. The Engineer has also recommended that the contract for the maintenance of the roads be renewed for another year.

The County Engineer has submitted to the Board of Supervisors for the consideration of their report for the year ending March 31st 1910 as follows:

1. Report on the maintenance of the roads \$1270

2. Report on the maintenance of the bridges 100

3. Report on the maintenance of the bridges 180

4. Report on the maintenance of the bridges 28

5. Report on the maintenance of the bridges \$1048

The Board of Supervisors has adopted the report of the County Engineer.
