Good to be met more carefully and that the cinders be removed and used again. That Mick Logan be written to for the rent of Anthony O'Donnell's farm, and threaten legal proceedings against O'Donnell.
Adopted but don't sell McNeil's Cow on Monday

"Read"
- 6. Application for a Commission on the Amts. collected from paying patients and lodged with Union Treasurer. The majority of the paying patients are G. A. Pensioners for whom he acts as agent and collects their pensions weekly. If he declined to do this work (as he could) it would mean a big loss to the Union, but he has been doing it for the past seven years without fee or reward. In other Unions the Masters are remunerated for this work. With the small salary of £40 and having a large family of young children he finds that the cost of providing for them is going beyond his resources. He has got over 10 yrs. service and as he never yet got an increase it is open to the Board to deal fair with him. His salary is £10 less than what it was at one time when the cost of living was 100% cheaper. Taking all the circumstances into account he would ask 72% as from the start of the year to be reduced to 50% when the cost of providing for so large a family may not fall so heavy on him.
From this date the Master is paid at the rate of 5% on his collections

The following Letters and other communications from the Local Government Board for Ireland and others were read by the Clerk, and Orders were made on them respectively, as follows:—
