DIRECTIONS FOR USING
THE
Pen Duplicate and Triplicate Books

MANUFACTURED BY

DOLLARD, Printinghouse, **DUBLIN,** Ltd.

Place a sheet of one-sided carbon paper, face downwards, between the first and second leaves, and then the sheet of black board after the Duplicate. Write upon the first leaf with a Duplicator or Manifold Slip Pen, and two copies will be the result.

In the case of a Triplicate Book, a sheet of two-sided carbon paper is placed between the 2nd and 3rd leaves, and then proceed as above.

A CARBO-PLATE can also be supplied to take the place of the black board. This is a plate which grips the carbon, and at the same time provides an extra hard plate, made of aluminium, which gives an extra clear copy, and enables the carbon paper and support to be placed in position for writing and withdrawn without touching the carbon with the hands.

Read circular ltr. from the L. G. Board, dated 21st June 1918 No. 79 M, relative to (I) Plans of Buildings and (II) Horses (Rationing) & Order, requiring returns of materials or require for building purposes.

The Council considered the matter do not affect them at present

Mr. Denis O'Looney, Rent collector Fardomagh, reported that cottage No. 123 Fardomagh occupied by Dan McLaughlin requires to have the roof pointed, some tiles replaced and spouting repaired
Cottage No. 37, Fardomagh occupied by J. Hoken requires repairs to floor and cottage No. 27 Lurnave occupied by Denis Bradley requires to have half the room floor repaired with new boards.

Ordered that competent workmen be employed to effect the repairs under the supervision of Mr. O'Looney and the local District Councillors.

Read circular from the Secretary, Building Materials Supply Committee, Ministry of Reconstruction, 6a. Dean's Yard Westminster, S.W. 1, dated 29th May 1918 forwarding forms of returns to be filled in by the Council's Architect or Engineer specifying the quantities of the several materials used in the construction and maintenance of buildings, roads

Harbours, lighting works, tramways, and other purposes for the purpose of ascertaining the probable demand for these materials during the transition period for the two years succeeding the termination of the war.

The Council, having in view no building project except the scheme of labourers cottages held up by the war, and this not being so very urgent, considered it unnecessary to furnish the returns as they do not think it advisable to proceed with the scheme until prices will have returned considerably to the normal and they do not contemplate undertaking any building work for probably more than two years after the war.

Report dated 6th Oct 1919 forwarding
 Read letter from Colonel J. H. Montgomery. Hon. Sec. Monelle
 Public Health Committee dated 6th Oct 1919 stating the
 opening of the drain in Montgomery Terrace had proved
 a bigger job than was anticipated and if the cost
 could have been foreseen tenders would have been
 invited instead of employing direct labour but as it is

 considering present rates of wages.

Read report of Monelle P. H. Committee of 6th October,
 stating the sewer in Montgomery Terrace was opened and
 under the supervision of Mr McLaughlin Assistant
 Surveyor cleared of silt which was found to be very
 heavy especially near Coastguard Station. The
 sewer was very old and at places went to a depth of
 12 feet beneath the surface. It was flushed and orders
 given for its occasional flushing in future (2) that
 Montgomery Terrace recommended to go on list of Streets under
 contract and to Surveyor requested to send steam roller to
