

Record of Protected Structures

There are currently 377 protected structures in County Donegal. However, the National Inventory of Architectural Heritage (NIAH) survey for the County was launched at Glenveagh Castle in 2015 and a total of 2228 structures of architectural heritage value have been identified pursuant to this survey. As noted in Section 6.2 of this Plan (Built Heritage), the Minister at the Department of Arts, Heritage, Regional, Rural and Gaeltacht Affairs is using the NIAH process as a mechanism to make recommendations to Donegal County Council for structures to be included on the Record of Protected Structures and consequently the following tables will be subject to a systematic review and update over the Plan period, in order to further consolidate the records of built heritage within the county and ensure the protection of structures of architectural heritage value.
