Dear Sir/madam

Personal information redacted

I live in [REDACTED] and there seems to be a lot of talk about proposed wind turbine projects in the general area.

As the area is of high scenic and environmental value it doesn't seem like the best place for development.

It would clarify matters if your policy stated there would be no development in areas of high scenic value.

This would prevent attempts to get projects off the ground in unsuitable areas and so avoid local uneasiness.

Thank you

Chris Povey
