

To: Donegal Council
Lifford, Co. Donegal
31st of May 2022

Dear Sir/Madam

I, Kevin M. Cready am a business owner at [REDACTED]

I fully support the local Councillors in the Glenties Electoral District and other parts of Donegal, who have proposed that the Gweebarra River Valley, Areas of Especially High Scenic Amenity including St John's Point, areas prone to landslides and our Freshwater Pearl Mussel River catchements will be EXCLUDED from wind farm development, in the 2018-2024 and 2024-2030 County Development Plans.

Tourists are important to my business and another wind farm would badly affect tourism in this area. People come to Donegal for the scenery and it is essential to keep our bogs and mountains intact. Donegal cannot sustain any more wind turbines.

Yours Faithfully

Signed: Kevin M. Cready
