

# ACCESSIBILITY & CRITICAL INFRASTRUCTURE

A Transportation Strategy for Letterkenny should consider:

- 1) Bus/public transport
- 2) Location for transport hub
- 3) Walking/cycling
- 4) Greenway/blueway

## ONGOING PROJECTS at various stages:

- >> TEN-T Priority Route Improvement project including N56/N13 Letterkenny to Manorcunningham (Route selection).
- >> Letterkenny Southern Relief Road (Leck Road)
- >> Swilly Relief Road and Bridges
- >> N56 Four Lane Road Safety Scheme (Detailed design)

A growing Letterkenny requires a

## TRANSPORTATION STRATEGY

that will move people and products into, through and around Letterkenny

Investment of over

# €55million

in water and wastewater services in Letterkenny by Irish Water over the coming years

# 12

strategic road lines are already identified.

How can the transport strategy address -

- ? ? Prioritising and investing in strategic roads including the TEN-T project
- ? ? The best location for a transport hub
- ? ? Make provision for future rail connection
- ? ? Bus/public transport
- ? ? Walking/cycling
- ? ? Greenway/blueway
- ? ? Where should there be investment in water and waste water services?
