Donegal County Council is currently preparing a Local Area Plan for Buncrana as part of the new County Donegal Development Plan 2024-2030. As part of this process the Council is seeking to identify suitable future housing lands in Buncrana.

The Council is therefore seeking the public's views on this important issue at the above public meeting. The meeting will include an initial welcome/introduction, smaller group 'breakout' discussions, and the provision of group feedback to the wider meeting.

All Welcome.
