1 Introduction

1.1 Background

Donegal County Council is preparing a 'Draft Seven Strategic Towns Local Area Plan 2018-2024' (hereinafter referred to as the Draft LAP) for the towns of An Clochán Liath (Dungloe), Ballybofey-Stranorlar, Ballyshannon, Bridgend, Carndonagh, Donegal Town and Killybegs. The Draft LAP which is being prepared in accordance with the provisions of the Planning and Development Act 2000 (as amended) sets out an overall strategy for the proper planning and sustainable development of the seven towns in the context of the 'Draft County Donegal Development Plan 2018-2024' (the Draft CDP) and the Border Regional Authority's 'Regional Planning Guidelines 2010-2022' (RPGs).

A Natura Impact Report (NIR) was prepared in November 2017 to support the Appropriate Assessment (AA) of the Draft LAP and concurrently an Environmental Report was prepared in November 2017 to support the Strategic Environmental Assessment (SEA) of the Draft LAP in compliance with the requirements of the SEA Directive. The Draft LAP, Environmental Report and Natura Impact Report were published for a period of public consultation from Friday 24th November 2017 to Wednesday 24th January 2018 inclusive. During the period of public consultation on the Draft LAP, Environmental Report and Natura Impact Report, a total of 1,161 no. submissions were made including 9 no. submissions by prescribed authorities and environmental authorities and 1,152 no. submissions by the general public, as well as a number of cross-directorate comments. The number of submissions made per town were: An Clochán Liath (Dungloe) 25 no., Ballybofey-Stranorlar 33 no., Ballyshannon 35 no., Bridgend 84 no., Carndonagh 22 no., Donegal Town 31 no. and Killybegs 838 no.

The Chief Executive's Report summarising and responding to these submissions, along with an Appropriate Assessment and a Strategic Environmental Assessment of the Draft LAP were considered by Elected Members at the scheduled Plenary Council meeting on 26th March 2018. Following consideration the Elected Members proposed a number of changes to the Draft LAP including 118 no. proposed Material Alterations. As part of the iterative process of preparing the Draft LAP, the proposed Material Alterations to the Draft LAP are to be assessed in accordance with the requirements of Article 6(3) of the EU Habitats Directive (Directive 92/43/EEC) in this addendum report.

The 'Draft Seven Strategic Towns Local Area Plan 2018-2024 Appropriate Assessment Natura Impact Report' (NIR) (November 2017) examined and evaluated the likely significant effects of the Draft LAP on the Natura 2000 network in the zone of influence of the plan. This Addendum Report assesses the likelihood of significant effects resulting from proposed Material Alterations to the Draft LAP. It supplements and should be read in conjunction with the NIR (November 2017) in support of Stage 2 Appropriate Assessment of the Draft LAP, and the SEA Environmental Report (November 2017).

The findings and content of this addendum, in conjunction with the NIR (November 2017) will inform the Appropriate Assessment of the final Local Area Plan at adoption stage. A Statement of Appropriate Assessment, along with a conclusion statement, will be included in the written statement of the Local Area Plan, when made.

2 Proposed Material Alterations to the Draft LAP

The proposed material amendments to the Draft LAP are set out in Table A.1 in Appendix A of this report.

A total of 118 no. material amendments to the Draft LAP have been proposed of which 100 no. require an appropriate assessment of their likely significant effects on the conservation objectives of European sites i.e. on SACs or SPAs, and on the integrity of the Natura network of European sites before any decision can be made to allow that plan or project to proceed.

Appropriate Assessment (AA) must be fully integrated with the various stages of the Local Area Plan process in order to ensure that the plan does not have significant adverse effects on European Sites. AA is an iterative process helping to inform the policies and objectives of the Draft LAP, and allows alternatives to be appraised early in the planning process, particularly in relation to the Natura 2000 network of sites. The legislative context and the process of AA has been fully set out in the NIR of the Draft LAP (November 2017).

The proposed Material Alterations to the Draft LAP detail changes to the scope of the plan as well as the policies and objectives contained within. A detailed account of the proposed material alterations to the Draft LAP are set out in Table A.1 in Appendix A of this report and accompanying maps of the proposed material alterations are contained in Appendix B.

Many of the amendments relate to consideration of outputs from the Strategic Flood Risk Assessment (SFRA) process and its integration into development planning which can play a key role in managing flood risk by ensuring that vulnerable developments are not located in areas prone to flooding and further ensuring that developments do not reduce the natural storage capacity of flood plains or significantly increase surface water runoff rates above natural rates. Amendments require consideration of appropriate mitigation where relevant in line with the 'Planning System and Flood Risk Management – Guidelines for Planning Authorities' published in November 2009. In some instances site specific flood risk assessments and 'water compatible' development are stipulated.

Several objectives and policies have also been added or amended in relation to promotion of tourism and recreational amenities including support for promotion of greenway/walkway/cycleway projects. A number of the material alterations are likely to have positive environmental affects resulting from zoning changes that reduce the extent or intensity of development and promote sustainable development.

3 Addendum to Appropriate Assessment

3.1 Stage 1 AA Screening

A Stage 1 screening for appropriate assessment of the Material Amendments to the Draft LAP was prepared in April 2018 entitled 'Addendum to Appropriate Assessment (AA) Screening of Draft Seven Strategic Towns Local Area Plan 2018-2024: AA Screening of Proposed Material Alterations'. Due to the strategic nature of the Draft LAP, the likely impacts arising due to the material alterations on European sites may be uncertain. In such circumstances the material alterations are brought forward for detailed consideration in Stage 2 AA.

The screening process concluded that 18 no. of the proposed Material Alterations to the Draft LAP 2018-2024 are not foreseen to give rise to any significant adverse effects on designated European sites, alone or in combination with other plans or projects. This evaluation is made in view of the conservation objectives of the habitats or species for which these sites have been designated. Consequently, a Stage 2 Appropriate Assessment is not required for those Material Alterations.

Notwithstanding the above, given the significant number of protected species and habitats within County Donegal, with European sites comprising approximately 18.5% of all land cover of the County, and exercising the precautionary principle, it could not be concluded beyond reasonable scientific doubt on the basis of the screening assessment that the remaining 100 no. proposed Material Alterations would have no significant affects on European sites.

Therefore it is necessary to proceed to Stage 2 AA in regards to 100 no. of the proposed Material Alterations, including the preparation of this Addendum to the NIR of the Draft LAP.

The findings of the AA Screening of Material Amendments in relation to the need to proceed to Stage 2 AA is stated in Table A.1 of Appendix A in relation to each proposed material amendment.

3.2 Stage 2 Appropriate Assessment

The Appropriate Assessment of the Material Alterations in this Addendum follows the same assessment process as set out in the NIR of the Draft LAP (November 2017). Using the same methodology, an impact screening matrix (Table C.1 of Appendix C of this Report) sets out the assessment of each Material Alteration so as to determine the probability of significant impacts on the Natura 2000 network of European sites.

The impact screening matrix presents a detailed assessment under the following key headings:-

- Material Alteration Reference
- European sites that may be affected
- Potential Impact of policy/objective
- Risk of Significant Impact
- Potential for 'In Combination Impacts'
- Risk of Significant Combination Impacts
- Mitigation

Where further actions have been identified these are listed in 'Specific Action Required: Avoidance/Mitigation/Policy Deletion or Amendment'. Where the assessment has determined that there is potential for a significant impact on a European site or the integrity of the Natura 2000 network, mitigation is set out in the last column.

3.3 Identification of European Sites That May Be Affected

For the purposes of AA, any European site within or adjacent to the plan or project area, and any European site within the likely zone of impact of the plan or project are to be included in the assessment. A distance of 15km is currently recommended as a minimum for inclusion in the case of plans, but European sites that are more than 15km from the plan must also be considered depending on the likely impacts of the plan or project, the sensitivities of the ecological receptors, and the potential for in combination effects. In considering relevant sites the precautionary principle must apply.

All relevant European sites within the areas covered by the Draft LAP and within a surrounding 15km buffer, or a wider zone of influence where potential impact is considered possible, have been described in the NIR of the Draft LAP (November 2017) (Sections 5.2 to 5.8 refer), and tabulated in Appendix A of that document. Datasets available on the National Parks and Wildlife Service website (<http://www.npws.ie>) and on the Joint Nature Conservation Committee/Department of Environment, Food and Rural Affairs website (<http://jncc.defra.gov.uk>) have been used to identify sites, and to collate site specific information. The following information has been included for each European site:

- Site code
- Site name
- Qualifying interests
- Conservation objectives
- Threats to site integrity

There are a total of 75 European sites either within the LAP boundary for each of the seven towns or within a 15km buffer of each town boundary (58 in Donegal, 4 in Leitrim, 3 in Sligo and 10 in Northern Ireland). Figures 5.2 to 5.8 of the NIR of the Draft LAP (November 2017) consist of individual maps for each of the seven towns showing the distribution of Natura 2000 sites relevant to each town as well as those Natura 2000 sites within a 15km buffer of each town.

Maps relevant to proposed material alterations that relate to spatial changes at specific locations are presented in Appendix B of this Addendum document. They have been considered in the assessment process for relevant material amendments.

3.4 Summary Findings of Stage 2 Assessment

Proposed material alterations to policies and objectives vary in potential for impact on European sites. In some instances the changes may be environmentally positive e.g. rezoning in response to flood risk may prevent adverse changes to hydrology and run-off characteristics. Others are neutral or unlikely to give rise to any impact e.g. curtailment of some development types on particular sites, or descriptive or factual data changes arising from alterations. Where potential for impact is possible, sufficient mitigation has been included in the Draft LAP.

Settlement frameworks and zonings have been chosen in the context of avoiding significant adverse impacts on European Sites in particular, and the wider environment. The proposed alterations to zonings and settlement framework boundaries are relatively minor in nature. In some instances e.g. where lands zoned residential have been rezoned to 'Strategic Residential Reserve' or from 'Primarily Residential' to 'Recreation and Amenity', they are likely to result in reduced environmental pressures. In all cases existing effective mitigation is in place through policies and objectives in the Draft LAP and in the Draft CDP.

A number of changes to land use zonings have resulted from the Stage 2 Strategic Flood Risk Assessment. Where lands or parts of lands fall within flood zones appropriate additional mitigations have been introduced as per the 'Planning System and Flood Risk Management-Guidelines for Planning Authorities' (2009). These include the need for a development justification test, a site specific flood risk

assessment, attenuation of rainwater and run-off during storm events and water compatible development.

Although it is difficult to assess high level strategic proposals in detail, the Draft LAP explicitly commits to not having (or perpetuating) adverse effects on the integrity of the Natura 2000 Network or any European site and that all policies and objectives of the Plan and their implementation are subject to compliance with Article 6 of the Habitats Directive and to the full range of considerations that may apply for compliance with the Birds Directive, the EIA Directive, the SEA Directive and relevant national legislation (see Part A: Appendix 1 Legal, Interpretation and Policy Context Section 1.4 of the Draft CDP). In all instances there is sufficient existing mitigation in the Draft LAP policies and objectives to ensure that significant impact on the Natura 2000 network of sites is unlikely.

4 Conclusion

4.1 Conclusion of Stage 2 –Appropriate Assessment & Natura Impact Report

This Addendum to the Appropriate Assessment has been carried out on the proposed material alterations to the Draft LAP. The assessment involved Stages 1 and 2 of the AA process. Preparation of the assessment was undertaken using experienced ecological expertise to identify any risks of significant adverse effects on the Natura network of sites and general issues of concern for conservation in the County. A review of conservation objectives, qualifying interests and threats to site integrity for relevant European sites was undertaken to identify sites that might be impacted by the proposed material alterations to the Draft LAP.

18 no. of the proposed material amendments were screened out at Stage 1 on the basis of a finding of no potential for significant effects, and Stage 2 AA is not required as identified in the 'Addendum to Appropriate Assessment (AA) Screening of Draft Seven Strategic Towns Local Area Plan 2018-2024: AA Screening of Proposed Material Alterations' (April 2018).

A Stage 2 AA of all other remaining proposed Material Alterations (100 no.) was undertaken using methodology as set out in the NIR of the Draft LAP (November 2017). A review of conservation objectives, qualifying interests and threats to site integrity for relevant European sites within the zone of influence of the relevant material amendments was undertaken to identify sites that might be impacted by the material alterations to the Draft LAP.

Given the strategic nature of the Draft LAP it is not always possible to accurately determine likely potential impact on the Natura 2000 network. However, throughout the Draft LAP policies and objectives state that compliance with Article 6 of the Habitats Directive is required, and in all instances where there is potential for development to have significant adverse effects on any European site it will be subject to Appropriate Assessment. There are also many objectives and policies within the Draft LAP that are proactive in promoting protection of European sites and of annexed species in the wider environment. In addition, the Draft LAP explicitly commits to maintaining the conservation value of all existing and/or proposed SACs, SPAs, NHAs and RAMSAR sites including those plant and animal species that have been identified for protection under the EU Habitats Directive (92/43/EEC), EU Birds Directive (79/409/EEC as amended by 2009/147/EC), the Wildlife Acts (1976- 2014) and the Flora Protection Order (2015) (Objective GEN-EH-3 refers).

Cumulative and in combination effects were also considered in relation to other plans and programmes of relevance as set out in the NIR of the Draft LAP (November 2017).

Therefore considering the proposed Material Alterations and the specific mitigation measures included in the Draft LAP to prevent impact, it was found that no direct, indirect or cumulative significant effects on the Natura 2000 network of sites or its integrity were likely.

4.2 Appropriate Assessment Conclusion

This 'Addendum to Appropriate Assessment (AA) Natura Impact Report of Proposed Material Alterations Draft Seven Strategic Towns Local Area Plan 2018-2024' concludes a Finding of No Significant Effects following the completion of Stage 2 of the process in relation to the proposed material alterations. Any potential impact on the Natura 2000 network has been mitigated against through amendments of existing policies and objectives, and the addition of a number of additional policies in the Draft LAP. As a result, there is no requirement to proceed to Stage 3 of the AA Process. This assessment should be read in conjunction with the NIR of the Draft LAP, the Draft LAP 2018-2024 and the accompanying SEA Environmental Report (together with subsequent addendums) prepared in compliance with the requirements of the SEA Directive and the Proposed Material Alterations to the Draft CDP 2018-2024.

Comments on the environmental assessments and on the proposed Material Alterations to the Draft LAP 2018-2024 are invited during a period of public consultation from 11th May 2018 to the 7th June 2018.

APPENDIX A

Table of Proposed Material Alterations to the Draft Seven Strategic Towns Local Area Plan 2018-2024 with AA Screening Conclusions

Table A.1: Proposed Material Alterations

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
Chapter 2: Policy Context					
GENMA1	Section 2.1.1: The Settlement Structure, Population and Housing	1. Amend the text on page 7, last para, in chapter 2, section 2.1.1, page 7, last paragraph relating to housing supply so that it reads as follows: "The total housing units that could be supplied from the Housing Land Requirement set out in the Draft CDP for all of County Donegal up to 2024 is 7,752 no. units as set out in 'The Core Strategy Table' (contained in Chapter 2, Part A of the Draft CDP- Table 2.6). The Core Strategy allocation for housing in the strategic towns is 2,628 no. units of which circa 1,440 1,742 no. units will be provided in the seven towns over the lifetime of this LAP (up to 2024)."	No	No	No
		2. Amend Table 2.3 as set out at Appendix A of the Proposed Material Alterations Document (May 2018).	No	No	No
Chapter 3: General Objectives and Policies of the Plan					
GENMA2	Section 3.4.3: General Economic Development Policies	Insert new policy as follows (new text shown in blue): GEN-ED-6: " It is a policy of the Council to consider proposals for home-based businesses of a limited scale, of circa 1-5 employees, within an existing dwelling, or the curtilage of a dwelling and having regard to all other material planning considerations."	No	Yes	Yes
GENMA3(1)	Section 3.6.1 (Flooding)	Amend text as set out at Appendix B of the Proposed Material Alterations Document (May 2018).	Yes	Yes	Yes
Chapter 4: An Clochán Liath (Dungloe)					
CLMA1	Section 4.4.2 (Opportunity Sites located within the	1. Amend text relating to Opportunity Site 3: North of the River paragraph on p. 26 as follows:	No	No	No

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	Defined Town Centre)	<p>(new text shown in blue, text to be deleted shown in strikethrough):</p> <p>Opportunity Site 3: North of the River</p> <p>“Moderate size site of 0.62ha directly north of Dungloe river outside but adjoining the retail core area. The site is bound along the northern side by a narrow road which provides access from the Town centre to Dungloe Pier. A large part of the southern portion of the site falls within Flood Zone C Flood Zone A as identified in Stage 2 Strategic Flood Risk Assessment Report CFRAMS map. As such the Justification Test was applied as part of this Report will apply for any development as per the Planning System and Flood Risk Management-Guidelines for Planning Authorities (2009). The site was subject to, and passed, a development plan ‘justification test’ for ‘less vulnerable’ land uses such as commercial activity. It is considered that the site provides some retail or cafe style riverside potential but must provide pedestrian accessibility along this riverside linking the amenity waterfront areas to the west. Any development proposals should provide pedestrian accessibility to the ‘Riverwalk’ walkway located to the north east of this site, along the river to the waterfront amenity areas to the west. Any proposal shall include proposals to widen the access road towards the north east of the subject site. There is also potential for linking these 2 amenity areas which could be used by the inhabitants of An Clochán Liath and could attract visitors into the town. Policy CL-TC-3 refers. Any proposals for development must be accompanied by a site specific flood risk assessment, prepared in accordance with the guidelines set out in ‘The Planning System and Flood risk Management Guidelines for Planning Authorities’, (2009).”</p>			

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	Section 4.4.4 (Town Centre Policies)	<p>2. Amend Policy CL-TC-3 as follows; (new text shown in blue, text to be deleted shown in strikethrough):</p> <p>Policy CL-TC-3: "It is a policy of the Council to consider proposals for retail/commercial development on Opportunity Site 3 where it can be demonstrated that the massing, footprint and height of the proposal, and the nature of the proposed uses(s), are compatible with the adjoining properties. Proposals shall provide for widening of the adjacent road and improvements to the Main Street junction. Proposals shall be required to demonstrate that they shall not give rise to any flood risk by means of a site specific Flood Risk Assessment. In this regard, proposals for residential development are unlikely to be will not be acceptable. The finished floor levels of buildings shall be raised above predicted flood levels in accordance with Section 2.23 of 'The Planning System and Flood Risk Management Guidelines for Planning Authorities, (DoEHLG, 2009).'"</p>	No	No	No
CLMA2	Map No. 2 (Draft Land Use Zoning Map for An Clochán Liath-Dungloe)	Amend identification of River Walk to show accurate route of walk on northern side of river and extend Local Area Plan Boundary to run immediately parallel to the re-positioned route on its northern side as identified on map entitled 'Proposed Material Alteration CLMA2' in Appendix B of this document.	Yes	Yes	Yes
CLMA3	Section 4.9 (Tourism, Marine and Recreation)	<p>1. Amend the following text relating to 'Marina Site' as follows; (new text shown in blue, text to be deleted shown in strikethrough):</p> <p>Marina Site</p> <p>"Consistent with the tourism and leisure role and function of An Clochán Liath (Dungloe), the town's position on the route of the Wild Atlantic Way, and the growing water-based tourism and leisure sector, DCC supports the</p>	Yes	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	Section 4.9.3 (Tourism, Marine and Recreation Policies)	<p>principle of a marina-type development Leisure/Amenity/Tourism type development in the vicinity of the shorefront area of the town. A possible site for such a development in the vicinity of the town pier is identified on the Land Use Zoning Map (Map 2 refers). Such a development would complement the leisure uses already development and remaining to be developed in the shorefront area of the town.”</p> <p>2. Amend Policy CL-TMR-2 and associated text as follows; (new text shown in blue, text to be deleted shown in strikethrough):</p> <p>(i) Policy CL-TMR-2: “It is a policy of the Council to support the principle of a marina-type development Leisure/Amenity/Tourism type development in An Clochán Liath (Dungloe) subject to compliance with Habitats Directive, environmental considerations and all other relevant objectives and policies of this LAP.”</p> <p>3. Extend the Local Area Plan boundary and zone the intervening lands as ‘Marina’ as identified on the Map entitled ‘Proposed Material Alteration CLMA3’ in Appendix B of this document.</p>	No	Yes	Yes
CLMA4	Section 4.9.3 (Tourism, Marine and Recreation Policies)	<p>Amend Policy CL-TMR-3 as follows;</p> <p>(new text shown in blue, text to be deleted shown in strikethrough):</p> <p>Policy CL-TMR-3: “It is a policy of the Planning Authority to consider proposals for predominantly community and leisure-related uses, including those that are associated or compatible with the adjacent Hospital and GAA uses within the site identified as ‘Masterplan Site’ on the Land Use</p>	No	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>Zoning Map. Proposed developments shall only be considered in the context of a submitted Masterplan for the entire area and the Masterplan may identify alternative, compatible uses where such uses would be clearly ancillary to the aforementioned primary uses. <i>Proposed extensions to established uses adjacent to the Masterplan area may also be considered where it can be clearly demonstrated that such development would not prejudice the achievement of the overall Masterplan concept and predominant uses therein, subject to compliance with the other objectives and policies of this Plan.</i> Proposals for development shall:</p> <ul style="list-style-type: none"> a) Have regard to the Strategic Flood Risk Assessment prepared to inform this LAP, proposals shall be accompanied by a site specific flood risk assessment, prepared in accordance with the guidance set out in 'The Planning System and Flood Risk Management Guidelines for Planning Authorities' (2009); b) Identify a suitable pedestrian access onto the N56/Carnmore Road side of the site; and c) Identify a suitable river crossing to the 'Riverwalk' amenity route." <p>[Please refer also to CLMA12]</p>			
CLMA5	Map No. 2 (Draft Land Use Zoning Map for An Clochán Liath-Dungloe)	Extend the Local Area Plan boundary and zone the intervening lands as 'Established Development' as identified on the map entitled 'Proposed Material Alteration CLMA5' in Appendix B of this document.	Yes	Yes	Yes
CLMA6	Map No. 2 (Draft Land Use Zoning Map for An Clochán Liath-Dungloe)	Amend the zoning of lands from 'Established Development' to 'Town Centre' as identified on the map entitled 'Proposed Material Alteration CLMA6' in Appendix B of this document.	Yes	Yes	Yes
CLMA7	Map No. 2 (Draft Land Use Zoning Map for An Clochán	1. Amend the zoning of lands from 'Economic Development' to 'Local Environment' as identified on the map entitled	Yes	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	<p>Liath-Dungloe</p> <p>Section 4.5 (Economic Development)</p> <p>Section 4.5.4 (Economic Development Policies)</p>	<p>'Proposed Material Alteration CLMA7' in Appendix B of this document.</p> <p>2. Delete 2nd paragraph in section 4.5.1 as follows; "The Radox complex is located in a wider industrial area that extends across an area of some 6.85 hectares. It is the opinion of the Council that the presence, stature and success of such a company is something that could be developed further to the overall benefit of the town. For this reason, and in the context of the preferred industrial/hgv traffic route around the north of the town (refer Section 4.7.1), a significant area of additional lands for economic development is identified adjacent to the area of town in which the Radox plant and other industrial uses are already situated. The identified area is also served by a potentially suitable road and junction onto the Regional Road although some surfacing, footpath and public lighting would be required. The established economic development area and the proposed economic development area would provide for a total of 13.95 hectares of such land. Any future application for significant development on these additional lands shall include an overall 'Masterplan' for the overall site."</p> <p>3. Remove Policy CL-ED-1 as follows; (new text shown in blue, text to be deleted shown in strikethrough): Policy CL-ED-1: "It is a policy of the Council to consider proposals for the development of Class 3 (Offices), Class 4 (Light Industrial), research and innovation, and digital technologies on Economic Development Site 1 (ED1) (located to the south of the Radox etc complex, refer to Map 2), subject to compliance with the undernoted</p>	<p>No</p> <p>No</p>	<p>Yes</p> <p>Yes</p>	<p>Yes</p> <p>Yes</p>

		<p>criteria, and all other relevant policies of the LAP. Proposals shall only be considered in the context of a Masterplan for the overall site. In Draft Seven Strategic Towns Local Area Plan 2018-2024 Chapter 4: An Clochán Liath (Dungloe) Page 29 exceptional circumstances, proposals for minor development may be considered in the absence of an agreed Masterplan."</p>			
CLMA8	Section 4.4.2 (Opportunity Sites Located within The Defined Town Centre)	<p>1. Amend third para. on page 26 to include additional text: (new text shown in blue)</p> <p>Opportunity Site 2: Waterfront Area</p> <p>This is a small wedge shaped site of 0.45Ha located in the key waterfront area of the town directly west of, and adjoining, the retail core area. Within the waterfront area, the site is adjacent to the parking area and public amenity areas. The site is relatively flat and is currently vacant but fenced. The site would be suitable for commercial, tourism, casual trading, community, civic or amenity uses with a design that maximises the waterfront location. Residential developments are not appropriate at this location. Policy CL-TC-2 refers.</p>	No	No	Yes
	Section 4.4.4 (Town Centre Policies)	<p>2. Amend Policy CL-TC-2 as follows: (new text shown in blue)</p> <p>"It is a policy of the Council to consider proposals for commercial, tourism, community, civic or amenity uses on Opportunity Site 2, together with the site being a possible option as the location of a site for casual trading, the designation of which is subject to separate statutory procedures. Proposals shall be low-rise and sympathetic to the shorefront setting. Any structures proposed shall be located towards the eastern portion of the Opportunity Site</p>	No	No	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		area. Proposals for residential development on this site shall not be favourably considered."			
CLMA9	Section 4.7.2 (Infrastructure and Services Objectives)	Insert new Objective CL-IS-3 to read as follows: Objective CL-IS-3: "It is an Objective of the Council to seek to resolve traffic access issues in the area of Crucknageragh Road/Quay Road".	No	No	Yes
CLMA10	Map No. 2 (Draft Land Use Zoning Map for An Clochán Liath-Dungloe)	Extend the Local Area Plan boundary and zone the intervening lands as 'Economic Development' as identified on the map entitled 'Proposed Material Alteration CLMA10' in Appendix B of this document.	Yes	Yes	Yes
CLMA11	Section 4.4.4 (Town Centre Policies)	Amend Policy CL-TC-4 to read as follows (text to be deleted shown in strikethrough ; and new text shown in blue): "It is a policy of the Council that proposals for shop fronts shall be in the either Irish Language only or bilingual in nature with Irish first and more prominent than the other languages used. Signage shall and be high quality in terms of design, colour and materials and respect the existing streetscape and traditional shop fronts in the area including fenestration, facia treatment, colouring scheme, materials, and finishes and shall be in accordance with section 9.7 of the Draft CDP."	No	No	No
CLMA12	Map No. 2 (Draft Land Use Zoning Map for An Clochán Liath-Dungloe) Section 4.6.2 - Table 4.1 (Total lands Identified to meet Residential Housing Need in An Clochán Liath	1. Amend zoning of lands from 'Masterplan Area' to 'Primarily Residential' as identified on the map entitled 'Proposed Material Alteration CLMA12' in Appendix B of this document. 2. Amend Table 4.1 to reflect the site area and potential number of housing units to be delivered as a result of the proposed amendments as set out in Appendix A of the Proposed Material Alterations Document (May 2018). 	<p>(Dungloe)</p> <p>Para. on 'Masterplan Site', Sub-Section 4.9.1: 'Background/Context', Section 4.9: Tourism, Marine and Recreation</p>	<p>3. Amend text as follows: (text to be deleted shown in strikethrough; new text shown in blue)</p> <p>A 'Masterplan' site of some 18.47 12.39 hectares has been identified in the north-eastern part of the town between the River Walk and the built-up areas adjacent to Carnmore Road (including the GAA complex and the Supervalu unit) and the N56 (including the Community Hospital). Whilst the identification of this site is aspirational in nature, and whilst there would be significant constraints to development to be overcome, Donegal County Council nevertheless considers the site to have significant potential because of its size, proximity to the town centre, and proximity to the River Walk amenity (although any development would have to have full regard to the setting and sensitivities of the Walk and adjacent River).</p> <p>[Please refer also to CLMA4]</p>	No	Yes	Yes
CLMA13	<p>Section 3.2 Land Use Zoning Objectives (Table 3.1)</p> <p>Section 4.6: 'Housing', An Clochán Liath (Dungloe)</p>	<p>1. (a.) BSMA5	Section 5.4.2 (Opportunity Sites Located within or Adjacent to the Town Centres)	<p>1. Insert the following text at the end of text of Opportunity Site 5: Back Road, Ballybofey, Section 5.4.2 to read as follows (new text shown in blue):</p> <p>Opportunity Site 5: Back Road, Ballybofey</p> <p>"These lands are situated in the town centre core on either side of Back Road and are generally comprised of multiple vacant and derelict properties, many of these forming the rear curtilages of commercial properties fronting onto Main Street. The area also contains a small number of commercial and residential properties. Whilst the central parts of this area are generally rundown in appearance, the area is 'book-ended' at either end by quality</p>	No	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>developments in the form of Jackson's Hotel in the west, and the Villa Rose Hotel and new Butt Hall Centre to the east. The area is accessed by, and bisected by, the narrow Back Road. Access onto Back Road from the west is via Glenfin Street, but access on its eastern side is not possible at present except for a sub-standard narrow and low archway road onto Main Street. The development pattern in the area does not allow for a two-way road system along the entire Back Road area. However, DCC considers that it is a reasonable objective to seek to achieve a two-way road system from the western edge of Back Road as far as the Villa Rose Hotel roundabout, with the possibility of a one-way road from the roundabout for continuing east-bound traffic linking backup to the Main Street. The Council will encourage the land assembly of the site or part of the site, by a private developer, with a view to the preparation of a masterplan for the redevelopment and regeneration of the area. Policy BS-TC-5 refers.</p> <p>The SFRA identifies a significant portion of the site as falling within Flood Zone A. Having regard to the prime and strategic town centre location of the site, a development plan Justification Test was conducted for this site and concluded that the site passes the justification test for development of 'less vulnerable' land uses such as those identified in the Policy. The Report recommends that the text should be amended to provide that the flood risk assessment already referenced in the policy should explicitly consider residual risks of flooding and attenuation of rainfall during flood events (when flap valves are closed).</p> <p>Policy BS-TC-5 in the Draft LAP also supports the principle of other town-centre compatible uses. Such uses might include</p>

BSMA11	Map No. 3 (Draft Land Use Zoning Map for Ballybofey-Stranorlar)	Amend the zoning of lands from 'Local Environment' to 'Recreation and Amenity' as identified on the map entitled 'Proposed Material Alteration BSMA11' in Appendix B of this document.	Yes	Yes	Yes
BSMA12	Map No. 3 (Draft Land Use Zoning Map for Ballybofey-Stranorlar)	Amend the zoning of the lands from 'Local Environment' to 'Recreation and Amenity' identified on the map entitled 'Proposed Material Alteration BSMA12' in Appendix B of this document.	Yes	Yes	Yes
BSMA13	Section 5.4.2 (Opportunity Sites Located within or Adjacent to the Town Centres)	<p>1. Amend para. 5.4.2 in relation to 'Opportunity Site 1 as follows: (new text shown in blue):</p> <p>Opportunity Site 1: Ballybofey Town Centre</p> <p>"The lands comprising Opp Site 1 are located in the town centre core of Ballybofey, adjacent to the National Primary Road/Main Street and are a prime, high profile opportunity for a major development in the heart of the town centre. The lands are controlled by only a very small number of owners. Notwithstanding these advantages, a number of constraints will have to be addressed and a masterplan approach should be adopted to ensure that the maximum benefit is derived for the town.</p> <p>Most of the lands fall within Flood Zone B as per 'The Planning System and Flood Risk Management Guidelines', November, 2009 as identified in the CFRAMS. There is also an issue with the capacity of the storm sewer network. Accordingly, a comprehensive flood risk assessment shall be required for any development</p>	No	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>proposals in this area. The identification of the site within Flood Zone B, and the prime town centre location, determines that only retail and commercial uses shall be considered having regard to the contents of Para. 3.5 of the aforementioned Flood Risk Guidelines. Other uses above ground floor level shall be considered on their own merit.</p> <p>The junction of Main Street/Chestnut Road already experiences difficulties in terms of movements on to and off the National Road. Any major development in this area will only add to these issues. Accordingly, any such proposals must be accompanied by a traffic impact assessment and road safety audit. Revised junction arrangements may be required.</p> <p>The Planning Authority considers the existing parking area to the front of the Ballybofey Shopping Centre as a major opportunity to deliver a quality area of civic/public space for the town. <i>This central area is a fundamental element of Ballybofey town centre and acts as a central hub for the community and for businesses alike. This area has the potential to significantly improve the character, appearance and function of the town from an economic, social and physical perspective.</i> Any comprehensive development proposals for the Opp 1 area should provide for such a facility at this location whilst also providing for the replacement of the displaced parking spaces at an alternative location in close proximity to the existing parking area. To clarify, the civic space idea cannot proceed unless and until the parking to be displaced has already been replaced at an adjacent site.</p> <p>Having regard to the proposed relocation of Finn Harps Football Club to the Masterplan Area, Stranorlar, and the</p>

	Section 5.4.4 (Town Centre Policies)	<p>central location of the site of the current Finn Park stadium, this site is included within the Opp 1 site. Policy BS-TC-1 refers.”</p> <p>2. Amend Policy BS-TC-1 in relation to 'Opportunity Site 1 as follows: (new text shown in blue):</p> <p>Policy BS-TC-1: “It is a policy of the Council to consider proposals for retail, commercial or tourism development on Opportunity Site 1; or for development providing for a combination of some, or all, of the aforementioned uses, subject to compliance with the undernoted criteria, all other relevant policies of the LAP and taken in the context of the proper planning and sustainable development of the area. Proposals shall only be considered in the context of a comprehensive masterplan, a comprehensive flood risk assessment (and appropriate mitigation measures as appropriate), and a comprehensive traffic impact assessment (and appropriate mitigation measures as appropriate). In exceptional circumstances, proposals for minor development may be considered in the absence of a Masterplan where the Planning Authority is satisfied that the overall masterplan approach will not be prejudiced. The design principles set out below shall form the basis of the terms of reference for a masterplan to guide and inform development of the site:</p> <p>a) Design shall be of high quality, innovative and modern in architectural form so as to provide for landmark buildings and to contribute positively to the urban form. In particular, the existing car parking area to the front of the Ballybofey Shopping Centre may be the location for the development of a quality, designed civic space, subject to advance replacement</p>			

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>of parking spaces that will be displaced at suitably convenient location(s).</p> <p>b) Proposals shall provide for a strong riverside frontage along the eastern side of the site.</p> <p>c) Proposals shall incorporate sufficient car parking to serve the proposed development. In this regard, internalised multi- storey car parking will be encouraged in order to make most efficient use of this brownfield site.”</p> <p>With specific reference to the current Finn Park part of the site, a layout that provides for sufficient set back of frontage at Navenny Street so as to make sufficient provision for a public footpath and associated public lighting and drainage.”</p>			
BSMA14	Section 5.5 (Economic Development)	<p>1. Amend the Draft LAP by deleting text as identified at the following locations (deleted text shown in strikethrough):</p> <p>a) <u>Section 5.5.1 (second para.)</u></p> <p>“For these reasons, and given also the critical mass of the Twin Towns, the LAP identifies a number of sites for economic development purposes. Sites have been identified to the east (Strategic Economic Development Opportunity Sites 1 and Opportunity Site 6), south (Economic Development Site 1) and west (Economic Development Sites 2 and 3) of the towns at locations that would provide for convenient access to the National Primary Road network and also to provide a degree of profile/visibility. The LAP also includes an Objective to identify additional land for economic development on the western fringes of Ballybofey. This proposal is for the long-term and development in this area will only be realised as and when the Ballybofey-Stranorlar Bypass is completed and the</p>	Yes	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>current National Primary Road is 'down- graded' in category."</p> <p>b) <u>Section 5.5.1 (third and fourth paras.)</u></p> <p>"The above noted Strategic Economic Development Opportunity Site (identified on the Land Use Zoning Map as SEDOS 1) is located at Mullindrait to the east of Stranorlar. These lands were zoned for 'Economic Development' in the Ballybofey/Stranorlar Local Area Plan, 2005-2011 and the Council has again identified these lands as representing a Strategic Economic Development Opportunity Site in the context of the above noted Policy ED P 15 of the Draft County Development Plan. The lands are bisected by the proposed Ballybofey/Stranorlar Bypass Route Corridor Reservation and the lands to the east of the aforementioned route are also located immediately adjacent to the proposed N15 Lifford to Ballybofey/Stranorlar Route Corridor Reservation.</p> <p>The aforementioned location adjacent to a section of the N15 National Primary Road with a speed limit greater than 60kph presents a key challenge to delivering development on these lands. In these circumstances, access is subject to National Roads Policy restricting new accesses, or the intensification of existing accesses, onto national roads where such a speed limit applies. Consequently, the realisation of the potential of these lands depends on the Council securing consent from Transport Infrastructure Ireland (TII) for a strategic access onto the N15 under the exemption set out in Section 2.6 of the Ministerial Planning Guidelines 'Spatial Planning and National Roads'. The identification of this strategic opportunity and associated access/junction proposal in this Draft LAP is a significant step in doing so. The Council will enter into negotiations</p>			

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	Map No. 3 (Draft Land Use Zoning Map for Ballybofey-Stranorlar)	<p>with TII in this regard.”</p> <p>c) Objective BS-ED-1</p> <p>d) “It is an objective of the Council to develop lands zoned Strategic Economic Development Opportunity Site 1 (SEDOS 1) for strategic economic development inclusive of identifying an agreed access solution to said lands onto the N15 in consultation with Transport Infrastructure Ireland.”</p> <p>Policy BS-ED-2</p> <p>“It is a policy of the Council to facilitate economic development proposals of a strategic economic development nature inclusive of proposals related to Class 3 (office); Class 4 (light industrial); Class 5 (wholesale warehouse or repository); manufacturing, information technology, international traded services, and high-end services manufacturing on land zoned Strategic Economic Development Opportunity Site 1 (SEDOS 1). Proposals shall only be considered in the context of an agreed Masterplan for the entirety of the Opportunity Site. The Masterplan, and any subsequent development, shall dovetail with, and incorporate as necessary, the Ballybofey/Stranorlar Bypass route; and (2.) the proposed N15 Lifford to Ballybofey/Stranorlar Route Corridor Reservation. The Masterplan shall make adequate provision to ensure the protection of residential amenities of existing residential properties situated adjacent to the National Primary Road by means of the identification of adequate buffer zone(s)”.</p> <p>2. 	Stranorlar)	(new text shown in blue): All applications for redevelopment of this area shall be accompanied by a site specific flood risk assessment.			
BSMA17	Map No. 3 (Draft Land Use Zoning Map for Ballybofey-Stranorlar)	1. Amend the zoning of the lands identified from: (a.) 'Local Environment'; and (b.) 'Recreation and Amenity' to 'Primarily Residential' as identified on the map entitled 'Proposed Material Alteration BSMA17' In Appendix B of this document.	Yes	Yes	Yes
		2. Amend Table 5.1 to reflect the site area and potential number of housing units to be delivered as a result of the proposed amendments as set out at Appendix A of the Proposed Material Alterations Document (May 2018).	No	No	No
GENMA3 (3)	Section 5.7.1 (Flooding, inclusive of Flood Extents Mapping)	Amend text and insert revised Flood Extents mapping as set out at Appendix B of the Proposed Material Alterations Document (May 2018).	Yes	Yes	Yes
Chapter 6: Ballyshannon					
BYMA1	Section 6.5.2 (Opportunity Sites Located Outside the Defined Town Centre)	1. Amend para. 6.5.2 on Opportunity Site 1: Business Park at Carrickboy as below: (new text shown in blue) Opportunity Site 1: Business Park at Carrickboy "This site comprises approximately 10.7 hectares of land having previously been the location of the IDA Business Park in Ballyshannon. The site contains a number of vacant commercial buildings, the Ballyshannon IT Centre which houses the 999 emergency call centre and an area of undeveloped lands to its most southerly point. Its development has the potential to open up lands for development through the delivery of strategic roads that would improve accessibility and movements south of the river. The site has an existing access point and service	No	No	No

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	Section 6.5.4 (Economic Development Policies)	<p>road via a local road to West Port which may require improvements in width, alignment and junction arrangement to accommodate significant development. These lands have the potential to provide for a cluster of economic development including enterprise, commercial development, research, innovation, business, manufacturing, services, IT, start-ups and health related or education. The site is significantly under-utilised at present and the Council will explore the most appropriate means of addressing this issue. A small part of the site in the south-eastern corner has been identified as Flood Zone A in the Stage 2 SFRA (refer to flood mapping). Given the small extent of this area, it would be disproportionate to re-zone this area. Rather, a more measured approach in this case would be to require that any potential future development that will encroach towards this part of the site may be required to submit a site specific flood risk assessment with the planning application. Policy BY-ED-1- refers.”</p> <p>2. Amend Policy BY-ED-1 as below (new text shown in blue):</p> <p>Policy BY-ED-1: “It is the policy of the Council to consider proposals for the development of enterprise, commercial development, research, innovation, digital technology, business, manufacturing, services, IT, start-ups and health related or education on Opportunity Site 1 (Business Park at Carrickboy), or for development providing for a combination of some, or all, of the aforementioned uses subject to compliance with the undernoted criteria including the requirements of the Habitats Directive and environmental considerations, all other relevant policies of the LAP and taken in the context of the proper planning and</p>	No	No	No

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>sustainable development of the area. Any development proposals shall make appropriate provision of the delivery of indicative Strategic Roads. Residential and retail development shall not be permitted at this location. The Council will explore the most appropriate vehicle with which to promote and market the potential of this site, subject to the identification of appropriate resources. Planning applications for development that will encroach towards the south-eastern part of the site (refer to flood mapping) may be required to submit a site specific flood risk assessment with the planning application.</p>			
BYMA2	Section 6.5.2 (Opportunity Sites Located Outside the Defined Town Centre)	<p>1. Amend para. 6.5.2 on Opportunity Site 4: Former Mill and Distillery as below: (new text shown in blue)</p> <p>“Located at the water’s edge, this brownfield site was originally the location of a former mill and distillery and also housed the office of the Heitons Building Suppliers. The site is approximately 1 hectare and comprises a number of partially demolished buildings and a structure that is on the Record of Protected Structures. This is a prominent waterfront location that adjoins the Donegal Bay SPA and therefore its development involves environmental considerations. It also has a visual relationship with Opportunity Site 4-5 which comprises the pier on the other side of the river and its associated nearby lands identified as Opportunity Site 5. Given its waterfront location, its historical context and its proximity to the town centre, this site has the potential for a mix of development including tourism related and associated small scale commercial/ niche type activities together with potential for limited residential development. Its redevelopment will require a heritage-led approach.</p>	No	No	No

	Section 7.6.3 (Opportunity Site Policies)	<p>reasonable to expect that any permitted layout will be required to provide for suitable pedestrian connectivity through to, and from, the proposed public open space area to the west.”</p> <p>2. Amend Policy BE-OPP-3 as below: (text to be deleted shown in strikethrough, new text shown in blue):</p> <p>Policy BE-OPP-3: “It is a Policy of the Planning Authority to consider proposals for the development of residential, light Industrial/commercial, or tourism-related uses; or for development providing for a combination of some, or all, of the aforementioned uses on lands identified as Opportunity Site (Opp 3) subject to compliance with the undernoted criteria, subject to all other relevant policies of the LAP and compliance with the proper planning and sustainable development of the area. Two development model options shall be considered:</p> <p>a) Two separate developments either side of the public road, in which case the following shall be required:</p> <p>(i) widening of the existing L-8041-1 road along its entire length, together with the provision of a footpath, public lighting and drainage improvements as necessary;</p> <p>(ii) the widening of the L-7931-3 road along the southern frontages of the sites, together with the provision of a footpath, public lighting and drainage improvements as necessary; and</p> <p>(iii) improvements to the junction of the L-8041-1</p>	No	No	No

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>and L-7913-3 roads; or</p> <p>b) One consolidated development facilitated by the re-location of the public road to the eastern side of the site and constructed to the appropriate standards and its dedication to Donegal County Council in accordance with the required statutory procedures. The new road line would again be constructed by the developer together with required junction work, associated footpaths, public lighting and drainage. The following will apply:</p> <p>(i) Proposals for retail development will not be favourably considered unless it can be demonstrated that the proposal would comply with the sequential approach to retail development as set out in the County Retail Strategy. Proposals for petrol filling stations/fuel storage depots and amusement arcades/indoor amusement areas or other large scale single use developments shall not be permitted in accordance with the terms of Policy BE-TC-1.</p> <p>(ii) Connection to the town sewer following commissioning of the upgraded public treatment works.</p> <p>(iii) Creation of a pedestrian link to and from the proposed amenity/open space area to the west.</p> <p>Development proposals may be required to submit a site specific flood risk assessment to include modeling of the on-site watercourse depending on the scale and position of the development."</p>			
BEMAS	Section 7.10.1 (Derry-Buncrana Greenway)	Delete Section 7.10.1 and replace with the new text below: (new text shown in blue)	No	No	No

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>“As part of the North-West Greenways Network project, funding was recently allocated under the INTERREG VA programme 2014-2020 for the construction of a Greenway between Derry and Buncrana via Bridgend. A key aim of this project is to deliver high quality, safe Greenway networks, enhancing linkages between communities and promoting sustainable transport opportunities.</p> <p>A Study Area (see Figure 7.5) has been identified for development of Route Options and a Constraints Study and Route Selection process is expected to be carried out in advance of applications for Planning approval with construction also programmed to happen within the life of this Local Area Plan. Public Consultations on the Route Selection process are expected to be carried out in 2018 and the preferred route identified under this process shall be considered in and masterplans or development proposals.</p> <p>This project has the potential to provide both a sustainable transport alternative and enhance recreational opportunities for the residents of the village and visitors alike.</p> <p>During the detailed design phase of this project, there may be opportunities for pedestrian issues as discussed above for the northern side of the National Road to be considered with a view to incorporating such solutions into the design as and where possible and appropriate.”</p>			
BEMA6	Map No. 1 (Draft Land Use Zoning Map for Bridgend)	Delete Greenway route as identified on map entitled ‘Proposed Material Alteration BEMA6’ in Appendix B of this document.	Yes	No	No
BEMA7	Section 7.5.1 (Strategic Economic Development Opportunity Site)	<p>1. Add new para. at end of Section 7.5.1. (new text shown in blue)</p> <p>“The ambition of providing a greenway between Derry</p>	No	No	No

	Section 9.5.2 (Opportunity Sites Located Outside the Defined Town Centre)	2. Clarify the discussive text at section 9.5.2, 'Opportunity Site 3: Drumlunagher' so that it reads as follows: (new text in blue, text for deletion in strikethrough) Opportunity Site 3: Drumlunagher	No	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>“This area comprises 6.5 hectares and is located adjoining the R267 while the N56 bypass route adjoins the northern boundary of the site. The lands are located on the eastern edge of the plan boundary and represent a high profile and key gateway site to the town, whether observed on entrance into the town or by onward journeys to Killybegs, Ballyshannon or Sligo which also dual as the route of the Wild Atlantic Way. Potential uses include enterprise, business, research and innovation, commercial uses and education, civic and/or health provision. The existing Donegal County Council Public Service Centre is located to the east of the site accessed via one key service route which will also provide access for future potential development of the Opportunity Site. The Public Service Centre already provides a landmark building of notable scale and its design and architectural form are of high quality setting a benchmark for the overall development the Opportunity Site. Significant issues are evident in relation to flood risk downstream of the Opportunity site which will necessitate the carrying out a site specific Flood Risk Assessment as part of any proposed development. In addition, as well as the need for junction improvement at the R267 will be required in order to accommodate the associated and cumulative volumes of traffic. Policy DT-ED-3 refers.”</p>

		<p>of the entire development of Opportunity Site 1 and that the volumes and traffic movements associated with the proposed development will not have a negative impact on the capacity and safety of the N56. In addition, any proposed development will be required to demonstrate a layout that ensures the retention of critical views to Donegal Bay from the N56 and Wild Atlantic Way. Development proposals on the western portion of the lands shall also demonstrate suitable integration into the receiving landscape through appropriate building design, height and composition as well as consideration of layout, levels, use of contours and landscaping.”</p>			
DTMA17	Map No. 6 (Draft Land Use Zoning Map for Donegal Town)	Amend the zoning of lands from 'Local Environment' to 'Established Development' as identified on the map entitled 'Proposed Material Alteration DTMA18' in Appendix B of this document.	Yes	Yes	Yes
DTMA18	<p>Map No. 6 (Draft Land Use Zoning Map for Donegal Town</p> <p>Section 9.5.2 (Opportunity Sites Located Outside the Defined Town Centre</p>	<ol style="list-style-type: none"> 1. Amend the zoning of the lands to include the area delineated, as 'Town Centre' as well as remaining as part of 'Opportunity Site 2,' as identified on the map entitled Proposed Material Alteration DTMA19' on both the land use zoning map and on the town centre insert map and to make the following associated text changes: 2. Amend the text relating to 'Opportunity Site 2' in section 9.5.2 so that it reads as follows: (text for deletion shown in strike through; new text shown in blue) <p>Opportunity Site 2: The Mullans</p> <p>“This site consists of approximately 11 hectares. It comprises lands to the south east of the site that are identified as being within the 'Town Centre' and the remainder of the lands are it”</p>	<p>Yes</p> <p>Yes</p>	<p>Yes</p> <p>Yes</p>	<p>Yes</p> <p>Yes</p>

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>is-located immediately North West of the defined town centre between the regional road known as the Lough Eske Road and the route of the N56 bypass. Established surrounding development comprises a number of long established residential properties fronting onto the Lough Eske Road and an area of mixed use development at Drumrooske on the North Eastern boundary. ThisThe land that immediately adjoinsadjoin the town centre part of the 'Opportunity Site' and provides an opportunity for business, offices, recreation and tourism related uses. Itand also has potential for the development of retailing of bulky comparison goods only. located on the south western portion of the site closest to the town centre.The provision of other comparison goods at this part of the site that are not of bulky nature may have a detrimental impact on the vitality of the town centre and therefore shall not be permitted on this Opportunity Sitethe area located outside the defined 'Town Centre.' In addition it has potential for business uses, offices, recreation and tourism related uses. Uses appropriate to 'town centre' will be considered within the area located in the defined 'Town Centre.' The lands are significant in area and therefore a comprehensive strategy for the long term delivery of the entire site shall be required through the preparation of a masterplan as part of any proposals coming forward. In particular, proposals for the area defined as forming part of the 'Town Centre' will be required to demonstrate design and layout linkages to the existing town centre including provision on site of public realm/open space, walking and cycling and including a strategy to address the potential physical obstacles to the pedestrian/cyclist as a result of the road network/infrastructure to serve the overall site. In this regard, proposals to manage the interface of significant roads infrastructure and pedestrian/ cycle/car will be required so as to ensure that the area identified as 'Town</p>

		<p>strategy to address the potential physical obstacles to the pedestrian/cyclist as a result of the road networks/infrastructure to serve the overall site. The overall development of the lands will require a masterplan outlining a strategy for the integration of public and civic space including a walking and cycling strategy throughout the development providing for the integration of the route of the former railway line and linking to the town centre. A masterplan shall also demonstrate a suitable vehicular access of sufficient capacity to service the entire site as well as a 50 metre set back from the N56. Any proposal within the site will ensure a sufficient buffer between established residential development along Lough Eske Road and the proposed development in order to protect residential amenities. The lands adjoin an area of flood risk to the north eastern boundary and an area of predicted pluvial flooding at the south-eastern corner of the site and therefore any proposed development will be required to comply with the flood risk management objectives and policies of this Plan.”</p>			
DTMA19	<p>Map No. 6 (Draft Land Use Zoning Map for Donegal Town)</p> <p>Section 9.9.2 (Environment and Heritage Objectives)</p>	<p>1a. Amend the 'Indicative Walkways/ Cycleways' delineated on the land use zoning map at the coastline south of Killybegs Road so as to extend as far out as the plan boundary and;</p> <p>1b. To extend the delineated 'walkway/cycleway' from the Golf Course Road as far out as the plan boundary at St Ernans.</p> <p>3. To insert an additional objective at section 9.9.2, page 133 so as to state: (new text shown in blue)</p> <p>Objective DT-EH-3: "It is an objective of the Council to explore potential greenway connections in partnership with other organisations and interested groups at key locations</p>	<p>Yes</p> <p>No</p>	<p>Yes</p> <p>Yes</p>	<p>Yes</p> <p>Yes</p>

		including the Old Railway line to Killybegs; Bluestack Way/Harveys Point; Old Railway to Barnesmore; Bank Walk to Rossylongan and; to St Ernans.”			
DTMA20	Map No. 6 (Draft Land Use Zoning Map for Donegal Town)	Amend the zoning of lands from (a.) 'Local Environment'; and (b.) 'Visually Vulnerable' to 'Strategic Residential Reserve' as identified on the map entitled 'Proposed Material Alteration DTMA20' in Appendix B of this document.	Yes	Yes	Yes
DTMA21	Map No. 6 (Draft Land Use Zoning Map for Donegal Town)	Amend the zoning of the lands from 'Local Environment' to 'Strategic Residential Reserve' as identified on the map entitled 'Proposed Material Alteration DTMA21 and DTMA22' in Appendix B of this document.	Yes	Yes	Yes
DTMA22	Map No. 6 (Draft Land Use Zoning Map for Donegal Town)	Amend the zoning of the lands from 'Local Environment' to 'Recreation and Amenity' as identified on the map entitled 'Proposed Material Alteration DTMA21 and DTMA22' in Appendix B of this document.	Yes	Yes	Yes
DTMA23	Map No. 6 (Draft Land Use Zoning Map for Donegal Town)	Amend the zoning of the lands from 'Recreation and Amenity' to 'Opportunity Site 4' as identified on the map entitled 'Proposed Material Alteration DTMA23 and DTMA24' in Appendix B of this document.	Yes	Yes	Yes
DTMA24	Map No. 6 (Draft Land Use Zoning Map for Donegal Town)	1. Amend the zoning of the lands from 'Opportunity Site 4' to 'Recreation and Amenity' as identified on the map entitled 'Proposed Material Alteration DTMA23 and DTMA24' in Appendix B of this document.	Yes	Yes	Yes
	Section 9.4.5 (Opportunity Sites Located within the Defined Town Centre)	2. Amend the text as follows (new text in blue; text for deletion shown in strikethrough): Opportunity Site 4: Milltown "This Opportunity Site comprises circa 7.8 6 hectares. It is located within the defined town centre and is a brownfield	No	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>site and it comprises a number of disused buildings as well as the Magee factory and office block. It is bounded by the River Eske to the South, Tirchonail Street to the west and Railway Road to the north. An indicative strategic road line marks the eastern boundary. A narrow laneway traverses through the centre from the west to the east. The general area is evidenced as having a fluvial flood risk in the OPW's CFRAMs programme and in line with the guidelines entitled, 'The Planning System and Flood Risk Management' the development of these lands is considered to be required to achieve the proper planning and sustainable development of Donegal Town. Flood risk has consequently informed the extent of the Opportunity Site identified and the types of uses that may be considered. Having regard to the extent of flood risk, the types of uses that may be considered within the identified Opportunity Site are town centre uses excluding the highly vulnerable uses identified in the Draft CDP (Table 5.4.1 of the CDP 2012 refers). Chapter 3 of this LAP sets out the policy context for flood risk assessment in the consideration of applications for planning permission and in this regard the objectives and policies of the Draft CDP will be applied.</p> <p>In addition, an area of 'Recreation and Amenity' has been identified within the centre of Opportunity Site 4 and also on lands to the south intervening Opportunity Site 4 and the river. These This location is locations are associated with the area of highest probability of flooding. This area of 'Recreation and Amenity' has potential to form a linear urban and riverside park as an important resource for the town. Given the nature of the site as a strategically important town centre regeneration site, any proposals for the lands will require the submission of a masterplan for an overall concept to integrate the development potential of</p>			

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
	Section 9.4.7 (Policies for Town Centre)	<p>Opportunity Site 4 and the potential of the adjoining 'Recreation and Amenity' lands as future linear riverine urban parkland. There are also significant environmental considerations to be taken into account in the consideration of any proposals at Opportunity Site 4 as the Lough Eske and Ardnamona SAC is located along the River Eske and it includes several important habitats listed on Annex I of the EU Habitats Directive and supports a number of important species as listed on Annex II of the Directive including Atlantic Salmon and Freshwater Pearl Mussel. In addition, the Donegal Bay (Murvagh) SAC and Donegal Bay SPA are designated from Bridge Street."</p> <p>3. Amend Policy DT-TC-3 at 9.4.7, as follows (new text in blue; text for deletion shown in strikethrough):</p> <p>Policy DT- TC-3: "It is the policy of the Council to consider proposals for the development of town centre uses excluding highly vulnerable development types as defined in the Draft CDP, table 5.4.1, on Opportunity Site 4 (Milltown), or for development providing for a combination of some, or all, of the aforementioned uses subject to compliance with the undernoted criteria, the requirements of the Habitats Directive, all other relevant policies of the LAP including environmental considerations and taken in the context of the proper planning and sustainable development of the area. Any proposal for development shall be required to provide for a masterplan relating to the 'Masterplan Area' identified on Map 6. The masterplan shall set out an overall layout concept to integrate the development potential of the Opportunity Site and the potential of identified 'Recreation and Amenity' lands as future active parkland, including a suitably located pedestrian bridge crossing. Any masterplan</p>	No	Yes	Yes

Ref.	Chapter/Section/Map in the Draft Local Area Plan	Proposed Material Alteration	Accompanied by Map (Yes/No)	SEA (Yes/No)	AA (Yes/ No)
		<p>and proposal made shall also (i) demonstrate suitable vehicular access to the site including provision for the indicative strategic road link identified on Map 6 and located to the east of the site (ii) provide for indicative pedestrian linkages identified on Map 6 (iii) submit an independent 'Flood Risk Assessment' and be in compliance with the guidelines entitled, 'The Planning System and Flood Risk Assessment', published 2009 including appropriately satisfying the requirements of the justification test at project level FRA (iv) demonstrate integration of open space/ civic space/ walkways/ cycleways within the development proposal and; (v) demonstrate a high quality urban environment."</p>			
DTMA25	<p>Map No. 6 (Draft Land Use Zoning Map for Donegal Town)</p> <p>Section 9.5.2 (Opportunity Sites Located Outside the Defined Town Centre)</p>	<p>1 . Amend the zoning of the lands from 'Local Environment' to 'Opportunity Site 9' as identified on the map entitled 'Proposed Material Alteration DTMA25' in Appendix B of this document.</p> <p>2. Insert additional text at the end of section 9.5.2, page 124 to state as follows (new text in blue):</p> <p>Opportunity Site 9: Drumlonagher adjacent to Lidl Foodstore</p> <p>"The area comprises 2.7 hectares and is located to adjacent to the existing Lidl Foodstore, a single dwelling and an area of existing economic development. The lands are located on the eastern edge of the town and form the end point of an area of mixed use development types. The lands represent a gateway location that have the potential for tourism, leisure and economic type developments that are more appropriate for edge of town activity and that do not conflict with the objectives for town centre regeneration. There are traffic and transport issues associated with the future development of this site and</p>	<p>Yes</p> <p>No</p>	<p>Yes</p> <p>Yes</p>	<p>Yes</p> <p>Yes</p>

APPENDIX B

Maps of Proposed Material Alterations to the Draft Seven Strategic Towns Local Area Plan 2018-2024

APPENDIX C

Addendum to AA Natura Impact Report

Impact Assessment Screening Matrix for Proposed Material Alterations to Draft CDP 2018-2024

Table C.1: Impact Screening Matrix of Proposed Material Alterations

Material Alteration Ref.	European Sites That May Be Affected (Name/Code)	Potential Impact of Policy/ Objective	Risk of Significance Impact (Y/N)	Potential of Combination Impacts	Risk of Significant Combination Impacts'	Mitigation
PROPOSED MATERIAL ALTERATIONS TO DRAFT LAP FOR THE SEVEN STRATEGIC TOWNS						
General Objectives and Policies of the Plan						
GENMA2	All sites within the zone of influence of the LAP as listed in Appendix A of Draft Seven Strategic Towns Local Area Plan 2018-2024 Appropriate Assessment Natura Impact Report	Possible. Additional infrastructure, discharges, or disturbance associated with home-based businesses could result in impact on European sites.	Potential	Possible but unlikely	Unlikely	The new policy is explicitly subject to having regard to all other material planning considerations. Mitigation is provided through General Objectives GEN-ED-1, GEN-H-1, General Objectives GEN-EH-2, GEN-EH-3; General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, GEN-H-1, GEN-H-2, GEN-H-3, and GEN-EH-2 that require that development shall comply with Article 6 of the Habitats Directive (92/43/EEC) and have regard to the relevant conservation objectives, management plans, qualifying interests and threats to the integrity of Natura 2000 sites.
Specific Action Required: Avoidance/Mitigation/Policy Deletion OR Amendment						
It is an over-riding objective of the LAP, as stated in General Objectives GEN-ED-1, GEN-H-1 and in particular General Objectives GEN-EH-2, GEN-EH-3 , and set out in General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, , GEN-H-1, GEN-H-2, GEN-H-3 , and especially GEN-EH-2 , that economic, commercial and residential development, and development in general shall comply with Article 6 of the Habitats Directive (92/43/EEC) and have regard to the relevant conservation objectives, management plans, qualifying interests and threats to the integrity of Natura 2000 sites,						

Material Alteration Ref.	European Sites That May Be Affected (Name/Code)	Potential Impact of Policy/ Objective	Risk of Significance Impact (Y/N)	Potential of Combination Impacts	Risk of Significant Combination Impacts'	Mitigation
<p>that the conservation value of all existing and/or proposed SACs, SPAs, including those plant and animal species that have been identified for protection under the EU Habitats Directive (92/43/EEC), EU Birds Directive (79/409/EEC as amended by 2009/147/EC), the Wildlife Acts (1976-2014) and the Flora Protection Order (2015), be maintained, and that proposed development would not adversely affect important features of the natural heritage including Natura 2000 sites.</p> <p>It is important that the potential for cumulative impact is adequately considered during LAP implementation.</p> <p>Implementation of mitigation included in the above actions, LAP Policies and Objectives will ensure full compliance with the requirements of the Habitats Directive, and prevent impact through direct, indirect or cumulative significant effects on the Natura 2000 network of sites or its integrity.</p>						

Material Alteration Ref.	European Sites That May Be Affected (Name/Code)	Potential Impact of Policy/ Objective	Risk of Significance Impact (Y/N)	Potential of Combination Impacts	Risk of Significant Combination Impacts'	Mitigation
<p>GENMA3(1) GENMA3(2) GENMA3(3) GENMA3(4) GENMA3(5) GENMA3(6) GENMA3(7) GENMA3(8)</p>	<p>All sites within the zone of influence of the LAP as listed in Appendix A of Draft Seven Strategic Towns Local Area Plan 2018-2024</p> <p>Appropriate Assessment Natura Impact Report</p>	<p>Positive. This amendment updates flood risk assessment and flood extent mapping with the best available evidence from the more recent Strategic Flood Risk Assessment (SFRA). The amendments seek to ensure that vulnerable developments are not located in areas prone to flooding and further ensuring that developments do not reduce the natural storage capacity of flood plains or significantly increase surface water runoff rates above natural rates. GENMA3(2) to GENMA3(8) require due regard to the SFRA specifically for each of the seven strategic towns.</p>	<p>Positive through preventing inappropriate development and promoting sustainable natural hydrology</p>	<p>Positive through preventing inappropriate development and promoting sustainable natural hydrology</p>	<p>Positive through preventing inappropriate development and promoting sustainable natural hydrology</p>	<p>Management of Flood Risk in the Draft LAP is subject to the aims, objectives and policies set out in the Draft Plan. Mitigation is provided through General Objectives GEN-ED-1, GEN-H-1, General Objectives GEN-EH-2, GEN-EH-3; General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, GEN-H-1, GEN-H-2, GEN-H-3, and GEN-EH-2 that require that development shall comply with Article 6 of the Habitats Directive (92/43/EEC) and have regard to the relevant conservation objectives, management plans, qualifying interests and threats to the integrity of Natura 2000 sites.</p> <p>The amendments incorporate the findings of SFRA to identify and map existing flood hazard and flood risk so that viable options for effective and sustainable management of flood risk may be implemented.</p>
<p>Specific Action Required: Avoidance/Mitigation/Policy Deletion OR Amendment</p>						

Material Alteration Ref.	European Sites That May Be Affected (Name/Code)	Potential Impact of Policy/ Objective	Risk of Significance Impact (Y/N)	Potential of Combination Impacts	Risk of Significant Combination Impacts'	Mitigation
<p>It is an over-riding objective of the LAP, as stated in General Objectives GEN-ED-1, GEN-H-1 and in particular General Objectives GEN-EH-2, GEN-EH-3, and set out in General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, , GEN-H-1, GEN-H-2, GEN-H-3, and especially GEN-EH-2, that economic, commercial and residential development, and development in general shall comply with Article 6 of the Habitats Directive (92/43/EEC) and have regard to the relevant conservation objectives, management plans, qualifying interests and threats to the integrity of Natura 2000 sites, that the conservation value of all existing and/or proposed SACs, SPAs, including those plant and animal species that have been identified for protection under the EU Habitats Directive (92/43/EEC), EU Birds Directive (79/409/EEC as amended by 2009/147/EC), the Wildlife Acts (1976-2014) and the Flora Protection Order (2015), be maintained, and that proposed development would not adversely affect important features of the natural heritage including Natura 2000 sites.</p> <p>Implementation of mitigation included in the above actions, LAP Policies and Objectives will ensure full compliance with the requirements of the Habitats Directive, and prevent impact through direct, indirect or cumulative significant effects on the Natura 2000 network of sites or its integrity.</p>						
An Clochán Liath (Dungloe)						
CLMA2	None due to the low impact nature and local extent of the amendment	Unlikely. The amendment relates to the route of a Pedestrian Linkages walk on the northern side of the Dungloe River and extends the Local Area Plan Boundary slightly to include the walk route.	Unlikely	Unlikely	None	None
Specific Action Required: Avoidance/Mitigation/Policy Deletion OR Amendment						
None						
CLMA3(1) CLMA3(2)	Aran Island (Donegal) Cliffs SAC, West of Ardara/ Maas	Possible. The amendment alters the description of the type of development	Possible	Unlikely	Unlikely	Mitigation is provided through General Objectives GEN-ED-1, GEN-H-1, General Objectives GEN-EH-2, GEN-EH-3; General

KBMA7	Slieve League SAC, St John's Point SAC, Inishduff SPA, West Donegal Coast SPA, Donegal Bay SPA	A new Policy KB-H-4 is added to set out development criteria for low density residential site above. The nature of the alteration is unlikely to result in impact on European sites.	Unlikely	Unlikely	Unlikely	Policy KB-H-4 explicitly requires compliance with all other relevant policies of the LAP. Mitigation is provided through General Objectives GEN-ED-1, GEN-H-1, General Objectives GEN-EH-2, GEN-EH-3; General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, GEN-H-1, GEN-H-2, GEN-H-3, and GEN-EH-2 that require that development shall comply with Article 6 of the Habitats Directive (92/43/EEC).
<p>Specific Action Required: Avoidance/Mitigation/Policy Deletion OR Amendment</p> <p>It is an over-riding objective of this LAP, as stated in General Objectives GEN-ED-1, GEN-H-1 and in particular General Objectives GEN-EH-2, GEN-EH-3, and set out in General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, , GEN-H-1, GEN-H-2, GEN-H-3, and especially GEN-EH-2, that economic, commercial and residential development, and development in general shall comply with Article 6 of the Habitats Directive (92/43/EEC) and have regard to the relevant conservation objectives, management plans, qualifying interests and threats to the integrity of Natura 2000 sites, that the conservation value of all existing and/or proposed SACs, SPAs, including those plant and animal species that have been identified for protection under the EU Habitats Directive (92/43/EEC), EU Birds Directive (79/409/EEC as amended by 2009/147/EC), the Wildlife Acts (1976-2014) and the Flora Protection Order (2015), be maintained, and that proposed development would not adversely affect important features of the natural heritage including Natura 2000 sites.</p>						

Material Alteration Ref.	European Sites That May Be Affected (Name/Code)	Potential Impact of Policy/ Objective	Risk of Significance Impact (Y/N)	Potential of Combination Impacts	Risk of Significant Combination Impacts'	Mitigation
<p>Implementation of mitigation included in the above actions, LAP Policies and Objectives will ensure full compliance with the requirements of the Habitats Directive, and prevent impact through direct, indirect or cumulative significant effects on the Natura 2000 network of sites or its integrity.</p>						
KBMA9	Slieve League SAC, St John's Point SAC, Inishduff SPA, West Donegal Coast SPA, Donegal Bay SPA	Potential. A new objective KB-TMR-2 and policy KB-TMR-5 are added to support the potential development of greenway/walkway/ cycleway projects in Killybegs. Such projects can impact on the Natura network through habitat loss, hydrology changes, disturbance etc. However, the possible area for location of these projects is unlikely to impact on European sites.	Unlikely	Unlikely	Unlikely	Mitigation is provided through General Objectives GEN-ED-1, GEN-H-1, General Objectives GEN-EH-2, GEN-EH-3; General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, GEN-H-1, GEN-H-2, GEN-H-3, and GEN-EH-2 that require that development shall comply with Article 6 of the Habitats Directive (92/43/EEC).
<p>Specific Action Required: Avoidance/Mitigation/Policy Deletion OR Amendment</p>						
<p>It is an over-riding objective of this LAP, as stated in General Objectives GEN-ED-1, GEN-H-1 and in particular General Objectives GEN-EH-2, GEN-EH-3, and set out in General Policies GEN-ED-1, GEN-ED-2, GEN-ED-3, GEN-ED-4, GEN-ED-5, , GEN-H-1, GEN-H-2, GEN-H-3, and especially GEN-EH-2, that economic, commercial and residential development, and development in general shall comply with Article 6 of the Habitats Directive (92/43/EEC) and have regard to the relevant conservation objectives, management plans, qualifying interests and threats to the integrity of Natura 2000 sites, that the conservation value of all existing and/or proposed SACs, SPAs, including those plant and animal species that have been identified for protection under the EU Habitats Directive (92/43/EEC), EU Birds Directive (79/409/EEC as amended by 2009/147/EC), the Wildlife Acts (1976-2014) and the Flora Protection Order (2015), be maintained, and that proposed development would not adversely affect important features of the natural heritage including Natura 2000 sites.</p>						
<p>Implementation of mitigation included in the above actions, LAP Policies and Objectives will ensure full compliance with the requirements of the Habitats Directive, and prevent impact through direct, indirect or cumulative significant effects on the Natura 2000 network of sites or its integrity.</p>						
KBMA10		Unlikely. The Alteration	Unlikely	Unlikely	Unlikely	Mitigation is provided through
