The Directors of Service outlined in detail the 2018 budgetary provisions as applicable to their respective Directorates.

C/399/17

ADJOURNMENT FOR LUNCH

On the proposal of Cllr Harley, seconded by Cllr Gallagher it was resolved to adjourn the meeting until 2.00pm.

C/400/17

CONSIDERATION OF THE 2018 DRAFT REVENUE BUDGET

On resumption Cllr Mc Brearty was informed that the budget had to be adopted within a period of 14 days commencing on the date of the Statutory Revenue Budget Meeting. The final date for adoption it was noted was the 3rd December 2017 with the last available working day being Friday 1st December.

The Cathaoirleach asked the party whips to comment on behalf of their respective groupings.

Cllr Brogan said that the Fianna Fáil grouping could not support a budget which proposed a 5% increase in commercial rates at this time, given the ongoing economic uncertainty and the impending Brexit scenario. This Council, he said, had engaged with and had been particularly supportive of rate payers over the past number of

years. The lack of resources available to the Council was, he said, a major source of concern. There were, he advised, a number of issues that warranted attention including:-

- The need for additional staff and resources in the area of Housing Maintenance.
- Tourism needs to be promoted further in light of the success of the “Wild Atlantic Way”.
- The whole area of asset management and how assets are utilised needs to be looked at. He called for a report to be issued to each Municipal District in relation to same.
- Outlined the fact that there was scope within the book to revisit and look at the Council’s own cost base.

His grouping, he said, had submitted a number of questions to the executive in relation to the Draft Budget and awaited a response on same.

Despite all the challenges, he said, it was imperative that Council sent out a message of confidence to the community as a whole.

Cllr Gallagher thanked all who had been involved in the preparation of the Draft Revenue Budget and thanked the Head of Finance and his staff for the engagement to date.

She welcomed the various tourism development initiatives, and the increased provision for housing grants together with the monies provided for the Ferry Service.

She paid tribute to the excellent level of volunteerism that existed throughout the County advising that this contributed in a meaningful way to all aspects of community development.

It was noted that there were no specific community grants available to the Island communities.

It was imperative, she said, that there was a line in the Budget Book detailing the Council’s support for the development of Buncrana Leisure Centre.

She alluded to the fact that there were still considerable infrastructural deficiencies throughout the County. These coupled with a high unemployment rate and deficiencies in the public transport system together with Brexit highlighted the need for investment in the County.

She highlighted also the necessity of addressing the homelessness issue which, she contended, required dedicated capital funding at central level. Sinn Fein, she said, were willing to sit down and speak to all party groupings.

Cllr O' Neill said that a better deal was needed for ratepayers and that now was not the time to increase rates given the uncertainty surrounding Brexit and the rate of sterling.

He welcomed developments in community based services and in tourism activity including the fact that the tourism vat rate had been retained. There was acknowledgement also of the funding provided for the ferry services.

Cllr O'Neill stressed the importance of supporting and aiding entrepreneurship including the development of small shared business spaces.

Cllr Farren welcomed the ongoing initiatives and development in the tourism sector together with the provision of monies for the ferry services which, he contended, were an integral part of the tourism infrastructure in Donegal. He welcomed the fact that there had been no increase in the Local Property Tax but said it was important that it was retained at its current level given the fact that Donegal did quite well out of the Equalisation Fund.

He said that a 5% increase in commercial rates would send out the wrong signal particularly for small and fledgling businesses. It was imperative, he said, that all members worked together to ensure that an effective solution was found.

Cllr Mc Garvey advised of the need to prioritise and support small industries and businesses. He outlined also the necessity of looking at the planning and development of the County as a whole in order to create viable income sources.

Greater impetus, he said, needed to be placed on seeking funding at national and EU level. Concluding he called for the restoration of Library services in Ramelton.

Cllr Mc Brearty thanked the Chief Executive, Head of Finance and all staff involved in the budget process for their efforts.

He asked for further clarification in relation to the community housing grants and queried how the funding for works at Rathmullan Abbey would be availed of.

Cllr Crossan said that before he could support the 2018 Budget additional clarification was needed in relation to the following:-

- Status of and plans for Buncrana Leisure Centre.
- Value of payments to consultants.
- €170,000 increase in waste collection costs.
- €780,000 for Strategic Plans and Policy.
- €400,000 under Planning Control
- €180,000 for Tourism Projects.
