as at 31st January 2026

Background

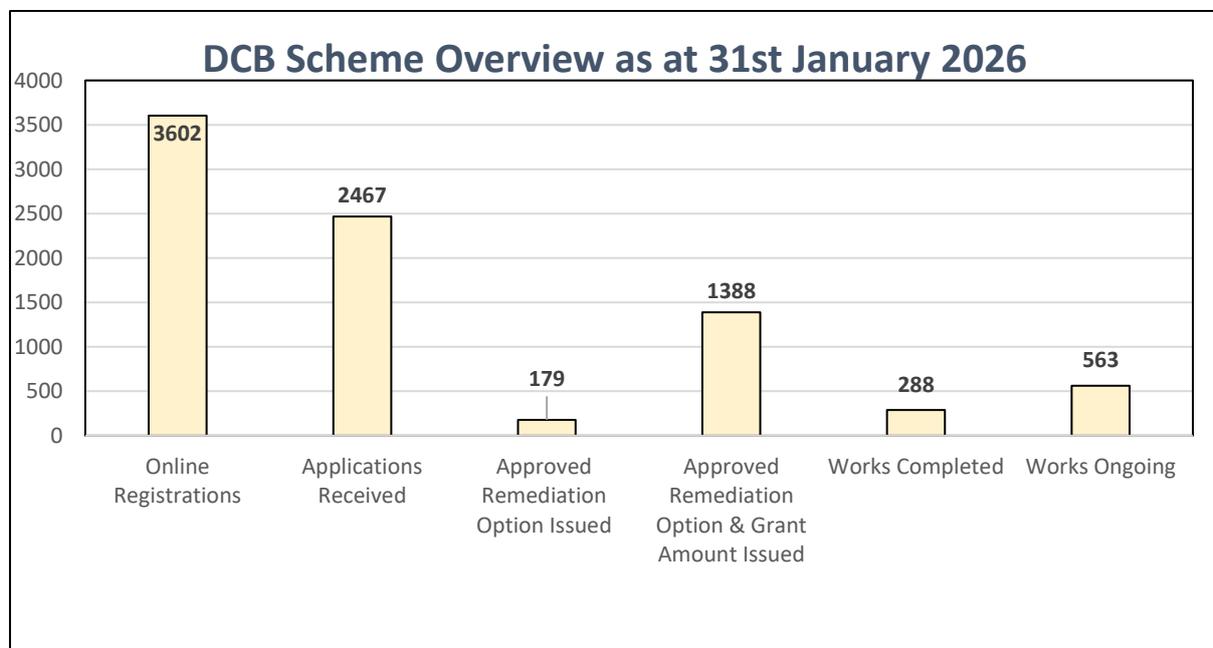

Donegal County Council, as a Designated Local Authority, are tasked with the Administration of the Enhanced Defective Concrete Blocks Grant Scheme on behalf of the Department of Housing, Local Government & Heritage.

The Enhanced Defective Concrete Block Grant Scheme offers financial assistance to support affected homeowners in designated local authority areas to remediate their dwelling, where their dwelling had been damaged by the use of defective concrete blocks in its construction.

The Enhanced Scheme has been in operation since 3rd July 2023.

The primary legislation which underpins the Enhanced Scheme is the Remediation of Dwellings Damaged by the Use of Defective Concrete Blocks Act 2022.

This report provides an update on the implementation of the Enhanced Defective Concrete Block Grant Scheme and covers the period up to and including 31st January 2026.

The initial step for an application, following validation and referral to the Housing Agency, is the Housing Agency's Determination of Damage Threshold of the relevant dwelling.

The average timescale for Determination of Damage Threshold by the Housing Agency is 60 days.

For applications that meet the Damage Threshold, the Housing Agency provides an indicative timeline for determination of the Remediation Option & Grant Amount. The Determination of Damage Threshold and the Remediation Option Grant as decided by the Housing Agency is communicated to the applicant by the Council's DCB Grant Office.

Where it is deemed by the Housing Agency that an application has not met the Damage Threshold or where an applicant is not satisfied with the Approved Remediation Option, the applicant may submit an Appeal to the Independent Appeals Panel.
